November 13, 2025

Dear Commissioners,

On behalf of Value Fire Protection Inc., I am writing to express support for the housing development at Mission Bay South Block 4 East and urge you to grant all necessary approvals to allow these critically needed projects to proceed expeditiously. Housing affordable to lower income families is needed in neighborhoods like Mission Bay where families have access to transit and all the amenities the neighborhood has to offer. These buildings will provide stable homes with support services that will allow San Franciscans, especially those who were displaced by former Redevelopment Agency actions, to remain in San Francisco.

Value Fire Protection Inc. encourage OCII and the City to make every effort to ensure this housing is built as quickly as possible. Too many families are being priced out of San Francisco while the City is trying to make up for decades of not producing enough housing for families of all income levels. There is no more time to waste – we need affordable, stable housing options now.

In addition, this project will help create the much needed jobs for LBEs like myself. With your partnership, we can help to create affordable living and a community to thrive.

Please support this desperately needed project.

Sincerely,

Albert Wong

November 12, 2025

Dear Commissioners,

My name is Claytis Norman, President and Owner of Integrity First Plumbing, Inc., a grassroots business based in San Francisco. I am writing to express my strong support for the housing development at Mission Bay South Block 4 East and to urge you to grant all necessary approvals so this critically needed project can move forward without delay.

As a lifelong San Francisco resident and small business owner who hires San Francisco locals, I see firsthand how rising costs and limited affordable housing options continue to push families, especially long time San Franciscans out of the city. Projects like Block 4 East are essential. They provide stable, affordable homes with supportive services that allow families, including those displaced by past Redevelopment Agency actions, to remain in the communities they helped build.

I respectfully encourage OCII and the City to make every effort to expedite construction of this development. San Francisco has spent decades under producing housing across income levels, and too many households are feeling the impact right now.

There is no more time to waste, we urgently need affordable, stable housing options for working families.

Thank you for your consideration, and I strongly encourage your full support for this essential project.

Respectfully,
Claytis Norman

Dear Commissioners,

I am an architect and my office is very close to Mission Bay, over towards Potrero Hill, and I spend a lot of time in this neighborhood.

I am writing to express support for the housing development at Mission Bay South Block 4 East and urge you to grant all necessary approvals to allow these critically needed projects to proceed expeditiously. Housing affordable to lower income families is needed in neighborhoods like Mission Bay where families have access to transit and all the amenities the neighborhood has to offer. Hi Jaimie

I got a mail from your office.

I hundred percent support City Hall new building plan in Mission Bay south. This is good for San Francisco lower incomers.

Thank you and Mayor.

Have a great one!

Ming zhang
