SAN FRANCISCO IN AN AMOUNT NOT TO EXCEED \$117,110 TO
PROVIDE FINAL DESIGN PLANS, SPECIFICATIONS, AND COST ESTIMATES
FOR THE SIXTH STREET URBAN DESIGN PROJECT;

BASIS FOR RESOLUTION

1. The Agency and the City and County of San Francisco Department of Public Works (DPW) have entered into Letter Agreement No. 989 to design the Sixth Street Urban Design Project. The Agreement was amended in September 1996 to extend the time of completion.
2. The preliminary design for the Sixth Street Urban Design Project has changed to allow affected property owners to retain their sub-sidewalk basements, thus changing the scope of work.
3. DPW has proposed to complete the design and deliver final design documents for an additional amount not to exceed \$117,100.
4. Agency staff has reviewed the proposal and finds it reasonable.

RESOLUTION

ACCORDINGLY, IT IS RESOLVED by the Redevelopment Agency of the City and County of San Francisco that the Executive Director or his designee is authorized to execute Amendment No.2 to Letter Agreement No. 989 with the City and County of San Francisco Department of Public Works to provide final design plans, specifications, and cost estimates for the Sixth Street Urban Design Project, South of Market Earthquake Recovery Area, in the form approved by the Agency General Counsel, which increases the budget in an amount not to exceed \$117,100.
