B. DATA FOR CFD ADMINISTRATION

On or about July 1 of each Fiscal Year, the Administrator shall identify the current Assessor’s Parcel numbers for all Parcels of Taxable Property. The Administrator shall also determine: (i) whether each Parcel of Taxable Property is Developed Property or Undeveloped Property, (ii) within which Sub-Block each Assessor’s Parcel is located, (iii) for Developed Property, which Parcels are Residential Property and Non-Residential Property, (iv) for Residential Property, which units are Market Rate Units, Required BMR 80% Units, and Required BMR 50% Units, (v) for Market Rate Units, the Square Footage of each unit, (vi) for Required BMR Units, the number of Bedrooms within each unit, (vii) the Square Footage within each building of Non-Residential Property, and (viii) the Special Tax Requirement for the Fiscal Year.

The Administrator shall coordinate with the Agency, Lennar, and/or Subsequent Owners to identify the Required BMR 80% Units and Required BMR 50% Units within each Approved Development Plan. If there are transfers between Required BMR Units and Market Rate Units, the Administrator shall refer to Section D.2 to determine the Maximum Special Tax for each Parcel after such transfer.

If a building permit for new construction has been issued for development of a structure on an Assessor’s Parcel, and additional structures are anticipated to be built on the Parcel as shown on the Approved Development Plan, a portion of the acreage of the Assessor’s Parcel shall be taxed as Undeveloped Property if building permits for all of the structures in the Approved Development Plan were **not** issued as of June 1 of the Fiscal Year prior to the Fiscal Year in which the Special Taxes are being levied. If the acreage assigned to each building anticipated on the Assessor’s Parcel is not clearly delineated on the Approved Development Plan, the acreage of the portion of the Assessor’s Parcel to be taxed as Developed Property shall be estimated by the Administrator. The remaining acreage within the Assessor’s Parcel shall be taxed as Undeveloped Property. Determination of the amount of Developed Property and Undeveloped Property on an Assessor’s Parcel shall be at the discretion of the Agency.

In any Fiscal Year, if it is determined that (i) a parcel map or condominium plan for a portion of property in CFD No. 7 was recorded after January 1 of the prior Fiscal Year (or any other date after which the Assessor will not incorporate the newly-created parcels into the then current tax roll), (ii) because of the date the map or plan was recorded, the Assessor does not yet recognize the newly-created parcels, and (iii) one or more of the newly-created parcels meets the definition of Developed Property, the Administrator shall calculate the Special Tax for the property affected by recordation of the map or plan by determining the Special Tax that applies separately to each newly-created

parcel, then applying the sum of the individual Special Taxes to the Assessor's Parcel that was subdivided by recordation of the parcel map or condominium plan.

In addition to the tasks set forth above, the Administrator shall, upon the sale of a Parcel(s) to any Subsequent Owner, update Attachment 2 to reflect the then-current Expected Land Uses on, and Expected Maximum Special Tax for, the Parcel(s) being sold. Prior to or concurrent with the sale of the Parcel(s), Lennar shall provide written confirmation to the Administrator as to the Expected Land Uses and Expected Maximum Special Tax that should apply to the Parcel(s). If a sale occurs and no such confirmation has been provided to the Administrator, the Expected Maximum Special Tax that had applied to the Parcel(s) prior to the sale shall continue to apply to the Parcel(s). To the extent the Expected Maximum Special Tax reflected in a written confirmation from Lennar is less than the Expected Maximum Special Tax that had previously applied to the Parcel(s) and this results in insufficient Maximum CFD Revenues to meet the Required Coverage, such confirmation shall also identify to which Assessor's Parcel in CFD No. 7 the difference in the Expected Maximum Special Tax has been transferred unless a prepayment is made by Lennar or the Subsequent Owner in an amount that ensures that the Required Coverage is maintained. The Parcel(s) to which the difference in Expected Maximum Special Tax has been shifted must be owned by Lennar.

C. MAXIMUM SPECIAL TAX

1. *Property Without an Approved Development Plan*

The Maximum Special Tax for property in CFD No. 7 without an Approved Development Plan shall be the Expected Maximum Special Tax shown in Attachment 2 of this RMA. If, in any Fiscal Year, separate Assessor's Parcels have not yet been created for property within each Sub-Block, the Administrator shall sum the Expected Maximum Special Tax for all Sub-Blocks within an Assessor's Parcel to determine the Maximum Special Tax that shall apply to the Parcel in such Fiscal Year.

If an Assessor's Parcel contains a portion of one or more Sub-Blocks, the Maximum Special Tax shall be determined by allocating the Expected Maximum Special Tax for each Sub-Block proportionately among such Assessor's Parcels based on the estimated acreage of the portion of the Sub-Block that falls within each Parcel, as determined by the Administrator. The Maximum CFD Revenue after such allocation shall not be less than the Maximum CFD Revenue prior to this allocation.

2. *Property Within an Approved Development Plan*

The Maximum Special Tax for a Parcel within an Approved Development Plan shall be the greater of the Designated Special Tax or the Back-Up Special Tax determined pursuant to this Section C.2. When a development plan is approved, the Administrator shall calculate the Designated Special Tax pursuant to Section C.2.a below for each Parcel of Taxable Property based on the land uses reflected in the Approved Development Plan. If it is determined that only a portion of a Sub-Block is included within an Approved Development Plan, the Administrator shall refer to Attachments 1 and 2 to estimate the Expected Land Uses and Expected Maximum Special Taxes that should be

assigned to the portion of the Sub-Block that does not yet have an Approved Development Plan. The Administrator shall confirm this determination with the Agency, Lennar, and/or a Subsequent Owner of the property.

The Administrator shall then calculate the amount that could be levied if the Designated Special Tax was applied to the land uses proposed on Taxable Property within the Approved Development Plan. This "Total Designated Special Tax" shall be compared to the Expected Maximum Special Tax for that Sub-Block or portion of Sub-Block included within the Approved Development Plan, and the Administrator shall apply one of the following:

- *If the Total Designated Special Tax is equal to the Expected Maximum Special Tax*, then the Maximum Special Tax for each Residential Unit or Non-Residential Property within the Approved Development Plan shall be the amount determined by applying the Designated Special Tax.
- *If the Total Designated Special Tax is greater than the Expected Maximum Special Tax*, then the Maximum Special Tax for each Residential Unit or Non-Residential Property within the Approved Development Plan shall be the amount determined by applying the Designated Special Tax. The Administrator shall revise Attachment 2 to reflect the increased Expected Maximum Special Tax for the Sub-Block and the increased Maximum CFD Revenues.
- *If the Total Designated Special Tax is less than the Expected Maximum Special Tax but the Maximum CFD Revenues are still sufficient to provide the Required Coverage*, then the Maximum Special Tax for each Residential Unit or Non-Residential Property within the Approved Development Plan shall be the Designated Special Tax. The Administrator shall revise Attachment 2 to reflect the decreased Expected Maximum Special Tax for the Sub-Block and the decreased Maximum CFD Revenues.
- *If the Total Designated Special Tax is less than the Expected Maximum Special Tax and such reduction causes the Maximum CFD Revenues to be insufficient to provide the Required Coverage*, then the Maximum Special Tax for each Residential Unit or Non-Residential Property within the Approved Development Plan shall be the Back-Up Special Tax determined pursuant to Section C.2.b below. If applicable, the Administrator shall revise Attachment 2 to reflect the decreased Expected Maximum Special Tax for the Sub-Block and the decreased Maximum CFD Revenues after the Back-Up Special Tax has been determined.

Until individual Assessor's Parcels are created for each Residential Unit and Non-Residential Property within an Approved Development Plan, the Administrator shall sum the Maximum Special Tax for all land uses on a Parcel and levy the aggregate Maximum Special Tax on the Parcel.

a. Designated Special Tax

The Designated Special Tax for each Residential Unit built or expected to be built on Taxable Property shall be the sum of the Base Special Tax and the Incremental Special Tax as identified in Table 1 below. The Designated Special Tax for each Parcel of Non-Residential Property built or expected to be built on Taxable Property shall be determined by multiplying the Square Footage of the non-residential structure(s) by the Incremental Special Tax shown for Non-Residential Property in Table 1 below.

Table 1
Base Special Tax and Incremental Special Tax

Land Use	Base Special Tax Fiscal Year 2008-09*	Incremental Special Tax Fiscal Year 2008-09*
Market Rate Units	\$1,570 per unit	\$2.51 per Square Foot
Required BMR 80% Units	\$669 per unit	\$202 per Bedroom
Required BMR 50% Units	\$375 per unit	\$96 per Bedroom
Non-Residential Property	N/A	\$1.50 per Square Foot

** Beginning July 1, 2009 and each July 1 thereafter, the amounts shown in Table 1 above shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.*

b. Back-Up Special Tax

As set forth above, if the Administrator determines that the Total Designated Special Tax calculated for an Approved Development Plan is less than the Expected Maximum Special Tax and such reduction causes the Maximum CFD Revenues to be insufficient to provide the Required Coverage, then the Administrator shall apply one of the following:

- (i) The landowner of the property within the Approved Development Plan may make a prepayment to the Agency in an amount sufficient to reduce the annual debt service on the Bonds so that the Required Coverage can be maintained with the reduced Maximum CFD Revenues that will result from the Approved Development Plan. If such prepayment occurs, the Maximum Special Tax for land uses in the Approved Development Plan shall be the Designated Special Tax determined pursuant to Section C.2.a above.
- (ii) If the owner of property within the Approved Development Plan does not make a prepayment to offset the reduction in Maximum CFD Revenues, the Maximum Special Tax for land uses in the Approved Development Plan shall be determined as follows:

- Step 1.** Calculate the total Maximum Special Tax revenues that must be generated from property within the Approved Development Plan in order to maintain the Required Coverage.
- Step 2.** Confirm the Designated Special Tax for each Residential Unit and Non-Residential Property and the Total Designated Special Tax that could be collected within the Approved Development Plan.
- Step 3.** Divide the Maximum Special Tax revenues from Step 1 by the Total Designated Special Tax from Step 2.
- Step 4.** Multiply the quotient determined in Step 3 by the Designated Special Tax for each Residential Unit and Non-Residential Property from Step 2, and the amount determined shall be the Maximum Special Tax for each Residential Unit and Non-Residential Property within the Approved Development Plan. Until individual Assessor's Parcels are created for each Residential Unit and Non-Residential Property, the Administrator shall sum the Maximum Special Tax for all land uses on a Parcel and levy the aggregate Maximum Special Tax on the Parcel.

D. CHANGES TO THE MAXIMUM SPECIAL TAX

1. *Annual Escalation of Special Tax*

Beginning July 1, 2009 and each July 1 thereafter, the Expected Maximum Special Tax for each Sub-Block and the Maximum Special Tax assigned to each Parcel of Taxable Property within CFD No. 7 shall be increased by two percent (2%) of the amount in effect in the prior Fiscal Year.

2. *Required BMR Unit and Market Rate Unit Transfers*

If, in any Fiscal Year, the Administrator determines that a Residential Unit that had previously been designated as a Required BMR Unit no longer qualifies as such, the Maximum Special Tax on the Residential Unit shall be increased to the Maximum Special Tax that would be levied on a Market Rate Unit of the same Square Footage. If a Market Rate Unit becomes a Required BMR Unit after it has been taxed in prior Fiscal Years as a Market Rate Unit, the Maximum Special Tax on such Residential Unit shall not be decreased unless a Required BMR Unit is simultaneously redesignated as a Market Rate Unit.

E. METHOD OF LEVY OF THE SPECIAL TAX

Each Fiscal Year, the Special Tax shall be levied according to the steps outlined below:

- Step 1:** The Special Tax shall be levied Proportionately on each Parcel of Developed Property within CFD No. 7 up to 100% of the Maximum Special Tax for each Parcel for such Fiscal Year until the amount levied on Developed Property is equal to the Special Tax Requirement prior to applying Capitalized Interest that is available under the applicable Indenture;
- Step 2:** If additional revenue is needed after Step 1 in order to meet the Special Tax Requirement after Capitalized Interest has been applied to reduce the Special Tax Requirement, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Subsequent Owner Property within CFD No. 7, up to 100% of the Maximum Special Tax for each Parcel for such Fiscal Year;
- Step 3:** If additional revenue is needed after Step 2 in order to meet the Special Tax Requirement, the Special Tax shall be levied Proportionately on each Parcel of Undeveloped Property that is not Subsequent Owner Property, up to 100% of the Maximum Special Tax for each Parcel for such Fiscal Year;
- Step 4:** If additional revenue is needed after Step 3 in order to meet the Special Tax Requirement, the Special Tax shall be levied Proportionately on each Assessor's Parcel of Taxable Public Property, up to 100% of the Maximum Special Tax assigned to each Parcel.

F. COLLECTION OF SPECIAL TAX

The Special Taxes for CFD No. 7 shall be collected in the same manner and at the same time as ordinary ad valorem property taxes, provided, however, that prepayments are permitted as set forth in Section H below and provided further that the Agency may directly bill the Special Tax, may collect Special Taxes at a different time or in a different manner, and may collect delinquent Special Taxes through foreclosure or other available methods.

The Special Tax shall be levied and collected until principal and interest on Bonds have been repaid, the Agency's costs of constructing or acquiring Authorized Facilities from Special Tax proceeds have been paid, and all Administrative Expenses have been reimbursed. However, in no event shall a Special Tax be levied after Fiscal Year 2045-46. Pursuant to Section 53321 (d) of the Act, the Special Tax levied against a Parcel used for private residential purposes shall under no circumstances increase more than ten percent (10%) as a consequence of delinquency or default by the owner of any other Parcel or Parcels and shall, in no event, exceed the Maximum Special Tax in effect for the Fiscal Year in which the Special Tax is being levied.

G. EXEMPTIONS

Notwithstanding any other provision of this RMA, no Special Tax shall be levied on: (i) Public Property, except Taxable Public Property, (ii) Parcels that have prepaid the Special Tax obligation and had a Release of Special Tax Lien recorded against the property, and (iii) Agency Affordable Housing Units.

H. PREPAYMENT OF SPECIAL TAX

The following definitions apply to this Section H:

“Construction Fund” means the account (regardless of its name) identified in the Indenture to hold funds which are currently available for expenditure to acquire or construct public facilities eligible under the Act.

“Outstanding Bonds” means all Previously Issued Bonds which remain outstanding, with the following exception: if a Special Tax has been levied against, or already paid by, an Assessor’s Parcel making a prepayment, and a portion of such Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of Outstanding Bonds for purposes of this prepayment formula.

“Previously Issued Bonds” means all Bonds that have been issued on behalf of CFD No. 7 prior to the date of prepayment.

“Public Facilities Requirements” means either \$32,000,000 in 2008 dollars, which shall increase on January 1, 2009, and on each January 1 thereafter by the percentage increase, if any, in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or such other number as shall be determined by the Agency to be an appropriate estimate of the net construction proceeds that will be generated from all Bonds that have been and are expected to be issued on behalf of CFD No. 7. The Public Facilities Requirements shown above may be increased if there is a substantial increase in the Maximum CFD Revenues due to a change in density on property within CFD No. 7. The adjusted Public Facilities Requirement shall be calculated by (i) dividing the increased Maximum CFD Revenues that can be collected after the change in density is approved by the Maximum CFD Revenues that were in place prior to the density change, and (ii) multiplying the quotient by the Public Facilities Requirement that was in place prior to approval of the change in density.

“Remaining Facilities Costs” means the Public Facilities Requirements (as defined above), minus public facility costs funded by Outstanding Bonds (as defined above), developer equity, and/or any other source of funding.

1. *Full Prepayment*

The Special Tax obligation applicable to an Assessor's Parcel in CFD No. 7 may be prepaid and the obligation of the Assessor's Parcel to pay the Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the Agency with written notice of intent to prepay. Within 30 days of receipt of such written notice, the Agency or its designee shall notify such owner of the prepayment amount for such Assessor's Parcel. Prepayment must be made not less than 75 days prior to any redemption date for Bonds to be redeemed with the proceeds of such prepaid Special Taxes. Attachment 4 herein provides a sample prepayment calculation for a Parcel. The Prepayment Amount shall be calculated as follows: (capitalized terms as defined below):

	Bond Redemption Amount
plus	Remaining Facilities Amount
plus	Redemption Premium
plus	Defeasance Requirement
plus	Administrative Fees and Expenses
<u>less</u>	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Compute the total Maximum Special Tax that could be collected from the Assessor's Parcel prepaying the Special Tax in the Fiscal Year in which prepayment would be received by the Agency. If this Section H is being applied to calculate a prepayment pursuant to Section C.2.b above, use, for purposes of this Step 1, the amount by which the Maximum CFD Revenues have been reduced below the amount needed to maintain the Required Coverage due to the change in land use that necessitated the prepayment.
- Step 2.** Divide the amount from Step 1 by the Maximum CFD Revenues for that same Fiscal Year.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (*the "Bond Redemption Amount"*).
- Step 4.** Compute the current Remaining Facilities Costs (if any).
- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Remaining Facilities Costs to be prepaid (*the "Remaining Facilities Amount"*).

- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (*the "Redemption Premium"*).
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount starting with the first Bond interest payment date after which the prepayment has been received until the earliest redemption date for the Outstanding Bonds.
- Step 8.** Compute the amount of interest the Agency reasonably expects to derive from reinvestment of the Bond Redemption Amount plus the Redemption Premium from the first Bond interest payment date after which the prepayment has been received until the redemption date for the Outstanding Bonds.
- Step 9.** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (*the "Defeasance Requirement"*).
- Step 10.** Determine the costs of computing the prepayment amount, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (*the "Administrative Fees and Expenses"*).
- Step 11.** If and to the extent so provided in the Indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (*the "Reserve Fund Credit"*).
- Step 12.** The Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (*the "Prepayment Amount"*).
- Step 13.** From the Prepayment Amount, the amounts computed pursuant to Steps 3, 6, and 9 shall be deposited into the appropriate fund as established under the Indenture and be used to retire Outstanding Bonds or make debt service payments. The amount computed pursuant to Step 5 shall be deposited into the Construction Fund. The amount computed pursuant to Step 10 shall be retained in the account or fund that is established to pay administrative expenses of CFD No. 7.

2. Partial Prepayment

A partial prepayment may be made in an amount equal to any percentage of full prepayment desired by the party making a partial prepayment, except that the full amount of administrative fees and

expenses determined in Step 10 shall be included in the partial prepayment. The Maximum Special Tax that can be levied on a Parcel after a partial prepayment is made shall be determined as follows:

- Step 1.** Calculate the full prepayment (not including the amount collected for administrative fees and expenses) that would be due from the Parcel if the entire Special Tax obligation were being prepaid pursuant to Section H.1 above.
- Step 2.** Divide the partial prepayment amount for the Parcel (not including the amount collected for administrative fees and expenses) by the amount computed in Step 1 to determine a percentage.
- Step 3.** Subtract the percentage computed in Step 2 from 100% to determine the "Remaining Percentage."
- Step 4.** Multiply the Remaining Percentage from Step 3 by the Maximum Special Tax for the Parcel to determine the new Maximum Special Tax that will be in effect for the Parcel after the partial prepayment is applied.

I. INTERPRETATION OF SPECIAL TAX FORMULA

Any taxpayer who feels that the amount or formula of the Special Tax is in error may file an application with the Administrator contesting the levy of the Special Tax. The Agency shall promptly review the application. If the findings of the Agency verify that the Special Tax should be modified or changed, a recommendation to that effect shall be made to the Commission, and as appropriate, the Special Tax levy shall be corrected and, if applicable in any case, a refund shall be granted. If the Agency denies the application, the taxpayer may appeal that determination within 14 days of the mailing of notification of denial, to the Commission under such procedures as the Commission shall establish. The determination of the Commission on the appeal shall be final for all purposes. The filing of an application or an appeal shall not relieve the taxpayer of the obligation to pay the Special Tax when due.
