

COMMISSION ON COMMUNITY INVESTMENT AND INFRASTRUCTURE

RESOLUTION NO. 21– 2017

**CONDITIONALLY APPROVING THE SCHEMATIC DESIGN OF A THREE-STORY,
LIGHT INDUSTRIAL WAREHOUSE BUILDING WITH AN ACCESSORY CARETAKER
UNIT, AT 1627 JERROLD AVENUE AND MAKING ENVIRONMENTAL FINDINGS
PURSUANT TO THE CALIFORNIA ENVIRONMENTAL QUALITY ACT; BAYVIEW
INDUSTRIAL TRIANGLE REDEVELOPMENT PROJECT AREA**

BASIS FOR RESOLUTION

- WHEREAS, The Successor Agency to the Redevelopment Agency of the City and County of San Francisco, commonly known as the Office of Community Investment and Infrastructure (the “Successor Agency” or “OCII”), is implementing the land use authority of the Redevelopment Agency of the City and County of San Francisco (the “Former Agency”) in the Bayview Industrial Triangle Redevelopment Project Area (the “Project Area”) under the authority of the California Community Redevelopment Law, Cal. Health & Safety Code §§ 33000 *et seq.*, as amended by the Redevelopment Dissolution Law, Cal. Health & Safety Code §§ 34170 *et seq.*, and under San Francisco Ordinance No. 215-12 (Oct. 4, 2012) (establishing the Successor Agency Commission and delegating to it state authority under the Redevelopment Dissolution Law); and,
- WHEREAS, On June 23, 1980, the Board of Supervisors of the City and County of San Francisco (“Board of Supervisors”) approved and adopted the Bayview Industrial Triangle Redevelopment Plan (the “Redevelopment Plan”) for the Project Area. On May 6, 1980, to implement the Redevelopment Plan upon its approval by the Board of Supervisors, the Former Agency and San Francisco Planning Commission adopted the Design for Development for the Project Area, which was subsequently amended on December 2, 2004 (as amended, the “Design for Development”). Together, the Redevelopment Plan and the Design for Development set forth development requirements and recommendations that apply to development within the Project Area; and,
- WHEREAS, Veronica Koltuniak and Allan Hannawell (the “Owners”) are proposing to develop a structure on an approximately 2,500-square-foot, vacant parcel they own, located at 1627 Jerrold Avenue in the Project Area and more particularly described as Assessor’s Block 5279, Lot 045 (the “Site”). Per the Redevelopment Plan, the Site is designated as Light Industrial; and,
- WHEREAS, The Owners propose to construct on the Site a three-story, maximum 40-foot high building of approximately 4,986 square feet of gross floor area. The light industrial building will consist of a warehouse unit on the ground and mezzanine floors, with

an accessory residential caretaker unit above, one car-parking space and four bicycle-parking spaces at ground level (the “Development”); and,

WHEREAS, OCII has prepared a Design Review and Document Approval Procedure Document (the “DRDAP”), included as Attachment B hereto, which sets forth the procedure for submittal of the plans and specifications for the Development and their review by OCII staff. Pursuant to the DRDAP, approval of the Development shall consist of three components or stages: Schematic Design, Design Development Documents, and Final Construction Documents; and,

WHEREAS, The Owner’s architect has submitted Schematic Design drawings of the Development that are in compliance with all requirements of the Redevelopment Plan, the Design for Development, and the DRDAP; and,

WHEREAS, Staff analyzed the Development pursuant to the requirements of the California Environmental Quality Act (“CEQA”) and found that:

- 1) The Site has no value as habitat for endangered, rare or threatened species;
- 2) The Development is an in-fill, transit-oriented project surrounded by urban uses and within walking distance to a light-rail station with frequent public transit service;
- 3) The Site is adequately served by all necessary and required utilities and public services;
- 4) The Development is consistent with applicable San Francisco General Plan policies, including the Bayview Hunters Point Area Plan, and complies with all applicable zoning regulations, such as the Plan and the Design for Development;
- 5) Approval of the Development will not result in any significant effects relating to traffic, noise, air quality, or water quality and is not located in an Air Pollution Exposure Zone; and,
- 6) The Development does not propose or require excavations or disturbance of soils greater than 50 cubic yards. Any soil disturbance of an amount greater than 50 cubic yards would require the Owner to submit its Phase I report to the Department of Public Health in proper compliance with the Maher Ordinance, prior to approval of any excavation, grading or site permits; and,

WHEREAS, Accordingly, the Development is categorically exempt from environmental review pursuant to CEQA Guidelines Section 15332, as an infill development; now, therefore, be it

RESOLVED, That Development would not result in new significant environmental impacts and therefore requires no further environmental review, as it is exempt from the provisions of CEQA pursuant to CEQA Guidelines Sections 15332; and,

RESOLVED, That Commission on Community Investment and Infrastructure (the “Commission”) conditionally approves the Schematic Design for the proposed

Development located at 1627 Jerrold Avenue (Assessor's Block 5279, Lot 045) in the Bayview Industrial Triangle Redevelopment Project Area subject to the conditions attached hereto as Attachment A (which are incorporated herein as though fully set forth), to be resolved to the satisfaction of the Executive Director.

I hereby certify that the foregoing resolution was adopted by the Commission at its meeting of May 16, 2017.

Interim Commission Secretary

Attachment A - Conditions of Approval

Attachment B - Design Review and Document Approval Procedure

ATTACHMENT A

Conditions of Approval for 1627 Jerrold Avenue

These conditions run with the Site and specified use thereof. Accordingly, “Owner” shall include any subsequent responsible party.

1. **Validity and Expiration.** The authorization and right vested by virtue of this Resolution No. 22-2017 is valid for three years from the effective date of the Resolution, which is the date of the Commission’s approval. A building permit from the City’s Department of Building Inspection to construct the Development must be issued as this Resolution is only an approval of the proposed Development and conveys no independent right to construct the Development. The Commission may, in a public hearing, consider the revocation of the approvals granted if a site or building permit has not been obtained within three (3) years of the date of the Resolution approving the Development. Once a site or building permit has been issued, construction must commence within the timeframe required by the Department of Building Inspection and be continued diligently to completion. The Commission may also consider revoking the approvals if a permit for the Development has been issued but is allowed to expire and more than three (3) years have passed since the Resolution was approved.
2. **Printing of Conditions of Approval on Plans.** The Conditions of Approval contained herein shall be reproduced on the Index Sheet of construction plans submitted with any site or building permit application for the Development. The Index Sheet of the constructions plans shall reference Resolution No. 22-2017 and any subsequent amendments or modifications.
3. **Severability.** If any provision of these Conditions of Approval is held invalid, the such invalidity shall not affect or impair the remainder of these Conditions of Approval.
4. **Incorporation of Redevelopment Plan by Reference.** The Redevelopment Plan was filed as Document No. D-072785 on April 2, 1981 in the Official Records of City and County of San Francisco. Each and every term, condition, and provision set forth in said Redevelopment Plan is hereby incorporated by reference in and made a part of these Conditions of Approval with the same force and effect as though set forth in full herein.
5. **Land Use Restrictions.** Owner shall devote the Site and the Development only to the uses permitted by (i) the Redevelopment Plan, (ii) in the event the Redevelopment Plan expires or is rescinded, the San Francisco Planning Code, and (iii) this Resolution No. 22-2017.
6. **Changes and Modifications.** Minor changes to the schematic design authorized by Resolution No. 22-2017 may be approved administratively by the Executive Director or his/her designee. Significant changes and modifications of conditions shall require Commission approval.
7. **Extension.** This authorization may be extended at the discretion of the Executive Director only where failure to issue a permit by the Department of Building Inspection to construct the Development is caused by a delay by a local, State or Federal agency or by any appeal of the issuance of such permit(s).

8. **Review of Plans.** All preliminary architectural and site plans and the final plans and specifications for the construction of the Development shall be submitted to OCII for review and approval in accordance with the DRDAP, attached as Attachment B to Resolution No. 22-2017. Those plans and specifications shall be in sufficient detail to enable OCII to determine compliance of the plans and specifications with the DRDAP, Redevelopment Plan and Design for Development.
9. **Design Development Submittals.** In accordance with the DRDAP and during the Design Development Phase, the Owner shall provide for the OCII Executive Director's review and approval, the following:
- a. Detailed plans maintaining the designation of the exit door between the front courtyard and staircase, as shown in Schematic Design documents and required by Department of Building Inspection, as a fire-exit door with all necessary fire-exit hardware installed;
 - b. Detailed drawings of the façade screen fronting Jerrold Avenue including its attachments and mounting system, and conditions along all the edges;
 - c. A study of potential corrosion impacts of using exposed COR-TEN™ steel on the adjacent buildings and whether the corrosive materials could trickle down on the public sidewalk along Jerrold Avenue, and resulting mitigating requirements, including alternative materials, to the satisfaction of the Department of Public Works, and/or any other city agency as applicable;
 - d. Detailed landscape drawings for all private and common open space areas, on ground as well on decks above structure;
 - e. Detailed design drawings for all design elements, including without limitation, proposed exterior lighting in front of the building and articulation of proposed materials;
 - f. Samples of all proposed new materials and colors, to be submitted prior to the OCII Executive Director's, or designee's, approval of Design Development Documents; and
 - g. Signage Plan for all exterior commercial signs, to be submitted prior to filing for a sign permit with the Department of Building Inspection.
10. **Nondiscrimination.** There shall be no discrimination against or segregation of any person or group of persons on account of age, race, color, creed, sex, sexual orientation, gender identity, marital or domestic partner status, disabilities (including AIDS or HIV status), religion, national origin or ancestry by Owner or any occupant or user of the Site in the sale, lease, rental, sublease, transfer, use, occupancy, tenure, or enjoyment of the Site subject to this Resolution, or any part thereof, nor shall the Owner itself (or any person or entity claiming under or through it) establish or permit any such practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of the Site or any part thereof, nor shall Owner or any occupant or user of the Site or any transferee,

successor, assign or holder of any interest in the Site or any person or entity claiming under or through such transferee, successor, assign or holder, establish or permit any such practice or practices of discrimination or segregation, including, without limitation, with reference to the selection, location, number, use or occupancy of tenants, lessees, subtenants, sublessees, vendees or others of the Site. There shall be no discrimination against or segregation of, any person or group of persons on account of any basis listed in subdivision (a) or (d) of Section 12955 of the Government Code, as those bases are defined in Sections 12926, 12926.1, subdivision (m) and paragraph (1) of subdivision (p) of Section 12955, and Section 12955.2 of the Government Code, in the sale, lease, sublease, transfer, use, occupancy, tenure, or enjoyment of the Site, nor shall the Owner or any person claiming under or through him or her, establish or permit any practice or practices of discrimination or segregation with reference to the selection, location, number, use, or occupancy of tenants, lessees, subtenants, sublessees, or vendees at the Site. The foregoing covenants shall run with the land. Unless an instrument, describing property in the Project Area has been recorded agreeing to change said covenants, the covenants contained hereof shall run in perpetuity.

11. **Maintenance.** The Development shall be maintained in compliance with the laws of the State of California and the Ordinances and Regulations of the City and County of San Francisco.
12. **Enforcement.** In the event of violation or breach of any of the Conditions of Approval contained herein, it shall be the duty of OCII to endeavor immediately to remedy such breach by conference, conciliation, and persuasion. In the case of failure to remedy such violation or breach, or in advance thereof, if in the judgement of OCII circumstances so warrant, said violation or breach shall be enjoined or abated by appropriate proceedings brought by OCII, or, if appropriate, the City and County of San Francisco. OCII, on its own behalf or on behalf of any owner or owners, singularly or collectively, of any real property in the Project Area, or any such owner or owners may, at any time, prosecute any proceedings in law or in equity in case of any violation or attempt to violate any of the conditions contained herein.
13. **Revocation due to Violation of Conditions.** Prior to issuance of a Certificate of Final Completion and Occupancy ("CFCO"), should implementation of this Development result in complaints from interested property owners, residents, or commercial lessees which are not resolved by the Owner and found to be in violation of the Redevelopment Plan and/or the specific Conditions of Approval for the Development, OCII may consider revocation of this authorization.
14. **Certificates of Occupancy.** Consistent with the DRDAP, the Executive Director shall review any application of a Temporary Certificate of Occupancy ("TCO") and Certification of Final Completion and Occupancy ("CFCO"). Owner shall have met all Conditions of Approval, prior to issuance of the CFCO.
15. **Agency Costs.** Owner has agreed to reimburse OCII for its staff costs associated with the review and approval of this Development. Final approvals are conditioned upon a timely payment.

ATTACHMENT B

DESIGN REVIEW AND DOCUMENT APPROVAL PROCEDURE (DRDAP) FOR THE 1627 JERROLD AVENUE DEVELOPMENT PROJECT IN THE BAYVIEW INDUSTRIAL TRIANGLE REDEVELOPMENT PROJECT AREA

I INTRODUCTION

This document sets forth the procedure for design submittals of the plans and specifications for the 1627 Jerrold Avenue development and its review. The development is located in the Bayview Industrial Triangle Redevelopment Project Area (Assessor's Block 5279, Lot 045). The development will include residential, streetscape, private open spaces, and other permanent and interim uses. The Office of Community Investment and Infrastructure ("OCII") shall review plans and specifications. City Agencies will review plans and specifications for compliance with applicable City Regulations.

II PROJECT APPROVALS

Project Approval submissions shall consist of three components or stages:

1. Schematic Design,
2. Design Development Documents, and
3. Final Construction Documents.

A - SCOPE OF REVIEW

OCII shall review and approve Schematic Design plans, Design Development Documents and Final Construction Documents, each as defined below, for conformity with any prior approvals, the Bayview Industrial Triangle Redevelopment Project Area and Plan Documents, including but not limited to the Design for Development. OCII's review shall include consideration of such items as the architectural design, site planning and landscape design as applicable and appropriate to each submittal. OCII shall not disapprove, require changes from or impose conditions inconsistent with the Bayview Industrial Triangle Redevelopment Plan (the "Plan"), Plan Documents or matters it has previously approved, provided that the project submittals are consistent with any matter OCII has previously approved.

B - OCII PROCESS

1. Review by OCII.

The redevelopment of the Bayview Industrial Triangle contemplated by the Plan and Plan Documents is under the land use authority of OCII, until the expiration of the Plan. OCII shall keep the applicant informed of OCII's review and comments, as well as comments by other City agencies, other government agencies, or community organizations consulted by OCII, and shall provide applicant opportunities to meet and confer with OCII staff prior to the OCII Commission hearing, if any, to review the specific application for project approval.

2. Cooperation by Applicant.

In addition to the required information set forth in Exhibit 1 attached hereto, the applicant shall submit materials and information as the OCII staff may reasonably request which are consistent with the type of

documents listed in Exhibit 1 and which are required to clarify a submittal provided pursuant to this DRDAP. If requested by the OCII staff, the applicant shall cooperate with, and participate in, presentations to the OCII Commission, if any, and to the public, including but not limited to the Bayview Hunters Point Citizens Advisory Committee.

C - REVIEW OF SCHEMATIC DESIGN

Except as provided below, Schematic Design documents shall be submitted to the OCII Commission for review and consideration. Schematic Design documents shall relate to schematic design level of detail for a specific project.

1. Timing of OCII's Review.

OCII shall review the application for Schematic Design for completeness and advise the applicant in writing of any deficiencies within fifteen (15) working days after the receipt of the applicant's Schematic Design documents. In the event OCII does not so advise the applicant, the application for Schematic Design shall be deemed complete; The time limit for OCII review shall be forty-nine (49) days from the date the application for Schematic Design was determined to be complete. OCII shall take such reasonable measures necessary to comply with the time periods set forth herein.

2. Document Submittals.

The applicant shall submit Schematic Design Documents, in which plans shall include the documents and information listed in Exhibit 1 attached hereto. OCII may waive certain document submittal requirements if OCII determines such documents are not necessary for the specific application.

D - REVIEW OF DESIGN DEVELOPMENT DOCUMENTS

Design Development Documents shall be submitted for review and either approval, conditional approval, or disapproval by OCII Executive Director or designee, following approval of the Schematic Design.

1. Scope of Review.

OCII shall review the Design Development Documents for consistency with earlier approved documents, the Bayview Industrial Triangle Redevelopment Plan and Plan Documents, including the Scope of Development and the Design for Development. Design Development Documents will relate to design development level of detail for a specific project. The purpose of this submittal is to expand and develop the Schematic Design incorporating changes resulting from resolution of comments and concerns during the Schematic Design phase and to prepare drawings and other documents as to architectural, structural, mechanical, and electrical systems.

2. Timing of OCII's Review.

OCII shall review the Design Development Documents for completeness and advise the applicant in writing of any deficiencies within ten (10) working days after the receipt of the Design Development Documents. In the event OCII does not so advise the applicant, the Design Development Documents shall be deemed complete. The time limit for OCII review shall be forty-nine (49) days from the date the Design Development Documents were determined to be complete. OCII shall take such reasonable measures necessary to comply with the time periods set forth herein.

The applicant and OCII may agree to any extension of time necessary to allow revisions of submittals prior to a decision by OCII. OCII shall review all such revisions as expeditiously as possible, within the time frame of the extension agreed to by OCII and the applicant.

3. Document Submittals.

The applicant shall submit Design Development Documents, which submittal shall include the documents and information listed in Exhibit 1 attached hereto. OCII may waive certain document submittal requirements if the OCII staff determines such documents are not necessary for the specific application.

E - REVIEW OF FINAL CONSTRUCTION DOCUMENTS

1. OCII Review

Final Construction Documents will relate to the construction documents' level of detail for a specific project. The purpose of this submittal is to expand and develop the Design Development Documents to their final form, prepare drawings and specifications in sufficient detail to set forth the requirements of construction of the project and to provide for permitting. Final Construction Documents may be divided and submitted in accordance with an addenda schedule for the project approved in writing in advance by the City's Department of Building Inspection and the OCII Executive Director or designee. Provided the Owner's Final Construction Documents are delivered to the OCII staff concurrently with submittal to the Department of Building Inspection. Final Construction Documents shall be reviewed by the OCII staff within twenty-one (21) days following the OCII's receipt of such documents from and approved by the Department of Building Inspection and any other appropriate City Agencies with jurisdiction. In the event that the Owner's Final Construction Documents are not delivered concurrently to OCII, OCII shall review the Final Construction Documents as expeditiously as possible.

2. Document Submittals

Documents submitted at this stage in the design review will relate to the construction documents level of detail for a specific project. The purpose of this submittal is to expand and develop the Design Development Documents to their final form, prepare drawings and specifications in sufficient detail to set forth the requirements of construction of the project and to provide for permitting. The Final Construction Documents submittal shall include the information specified for the Design Development Documents in Exhibit 1 attached hereto.

III OTHER CITY PERMITS

A - COMPLIANCE WITH OTHER LAWS

No OCII review will be made or approval given as to the compliance of the Design Development Documents or Final Construction Documents with any building codes and standards, including building engineering and structural design, or compliance with building codes or regulations, or any other applicable state or federal law or regulation relating to construction standards or requirements, including, without limitation, compliance with any local, state or federal law or regulation related to the suitability of the improvements for use by persons with physical disabilities.

B - OCII REVIEW OF CITY PERMITS

No building permit, or any other City permit, including but not limited to any permits required by the Department of Public Works, or any certificates of occupancy required by the Department of Building Inspection, such as Temporary Certificates of Occupancy and Certificates of Final Completion and Occupancy, shall be issued unless OCII's Executive Director or designee has reviewed and approved the permit application.

C - SITE PERMITS

The applicant may apply for and obtain a Site Permit and addenda from the Department of Building Inspection upon OCII's approval of the Design Development documents. This application can be submitted before the Final Construction Documents of the project have been completed and submitted for approval to OCII and the Department of Building Inspection. Notwithstanding the foregoing, the applicant may apply

for City permits related to grading and excavation activities prior to OCII's approval of the Design Development Documents, provided that OCII approves such activities prior to issuance of any City permits. Grading and excavation are often the first two addenda to site permits.

Pursuant to such site permit process, the Final Construction Documents may be divided and submitted to the Department of Building Inspection in accordance with an addenda schedule for the project approved in writing in advance by OCII and Department of Building Inspection. Construction may proceed after the appropriate Site Permit addenda have been issued, including, for example, and without limitation, addenda for foundations, superstructure, and final building build-out. In no case shall construction deviate from, or exceed the scope of, the issued addenda

IV MODIFICATIONS AND AMENDMENTS TO PROJECT APPROVAL

The Executive Director or designee may, by written decision, approve project applications which amend or modify the previously approved project, provided that OCII makes the following determinations:

1. The project approval requested involves a deviation that does not constitute a material change;
2. The requested project approval will not be detrimental to the public welfare or injurious to the property or improvements in the vicinity of the project; and
3. The grant of the project approval will be consistent with the general purposes and intent of the Bayview Industrial Triangle Redevelopment Plan and Plan Documents.

In the event that OCII determines that the project application deviates materially from the project already approved by OCII, OCII may require submittal of an amended project application, as appropriate, for review by OCII in accordance with the provisions herein.

Amendments and modifications will be processed in accordance with this DRDAP.

V GOVERNMENT REQUIRED PROVISIONS, CHANGES

OCII and the Owner acknowledge and agree that neither one will delay or withhold its review or approval of those elements of or changes in the Schematic Design, Design Development Documents or Final Construction Documents which are required by any City agency, including the City's Department of Building Inspection, the Fire Marshall, or any other government agency having jurisdiction; provided, however, that;

- i. The party whose review or approval is sought shall have been afforded a reasonable opportunity to discuss such element of, or change in, documents with the governmental authority requiring such element or change and with either the owner's or the OCII's architect, as the case may be, and
- ii. The owner or OCII in seeking such reasonable modifications of such required element or change as the other shall deem necessary or desirable. The owner and OCII each agrees to use its diligent, good faith efforts to obtain the other's approval of such elements or changes, and its request for reasonable modifications to such required elements or changes, as soon as reasonably possible.

Exhibit 1 - Documents to be Submitted for Project Approvals

EXHIBIT 1

DOCUMENTS TO BE SUBMITTED FOR PROJECT APPROVALS

During each stage of the project design review process, the OCII staff and the owner or applicant shall agree upon the scale of the drawings for project submissions. The OCII staff and the owner or applicant shall also discuss and agree upon the scope of the subsequent project submissions recognizing that each project is unique and that all documents outlined herein may not be required for each project.

Design Development Documents and other Construction Documents to be submitted shall be prepared by an architect licensed to practice in and by the State of California. The applicant shall submit a report outlining compliance with the adopted Mitigation and Monitoring Program.

A SCHEMATIC DESIGN

Three (3) sets of Schematic Concept Design documents shall be submitted to OCII in 11" x 17" size format. Documents submitted at this stage in the design review will relate to schematic design level of detail for a specific project. The purpose of this submittal is to expand and develop a basic concept design, incorporating changes resulting from resolution of Bayview Hunters Point Citizens Advisory Committee's and OCII design review staff's design concerns and comments. A Schematic Design submittal will include the following documents:

1. Written Statement

A written statement of proposal shall contain charts including number of parking and loading spaces, size and use of the facilities provided, with the addition of the structural system, principal building materials and area calculations.

2. Schematic Design Drawings

The Schematic Drawings shall generally include, but not be limited to:

- a. Isometric or perspective drawings sufficient to illustrate overall project.
- b. Site plan at appropriate scale showing relationships of buildings with their respective uses designating open spaces, terraces, landscaped areas, walkways, loading areas, streets, water elements, and adjacent uses. Adjacent existing and proposed street and structures should also be shown. Scale: minimum 1/16" = 1' -0"
- c. Site sections showing height relationships of those areas noted above. Scale: minimum 1/16" = 1' -0"
- d. Building plans, elevations and sections sufficient to describe the development proposal, the general architectural character, and materials proposed at appropriate scale to fully explain the concept. Scale: minimum 1/8" = 1' -0"
- e. Written Statement of program, including: size and use of the facilities proposed, structural system and principal building materials.

3. Model

A model shall be submitted to the OCII which shall be prepared at an appropriate scale indicating the exterior building design.

4. Perspectives, Sketches and Renderings

Perspectives, sketches, and renderings, as necessary to indicate the architectural character of the project and its relationship to the pedestrian level shall be submitted to OCII.

5. Samples

Samples of proposed materials and exterior colors shall be submitted to OCII.

6. Perspective Drawings

Perspective renderings sufficient to depict the design characteristics of the project.

B DESIGN DEVELOPMENT DOCUMENTS

Two (2) sets of Design Development documents shall be submitted to OCII in half scale size format. Documents submitted at the design development stage in design review will relate to design development level of detail for a specific project. The purpose of this submittal is to expand and develop the Schematic Design incorporating changes resulting from resolution of comments and concerns during the Schematic Design phase and to prepare drawings and other documents as to architectural, structural, mechanical and electrical systems.

The Design Development Document submission for a specific project should generally be consistent with the Schematic Design approval.

1. Site plans showing where applicable:

- a. Building relationships to landscaped areas, parking facilities, loading facilities, roads, sidewalks, mid-block connections, any transit facilities, and both public and private open space areas. All land uses within the subject parcel shall be designated. Streets and points of vehicular and pedestrian access shall be shown, indicating proposed new paving, planting and lighting if applicable.
- b. All utilities or service facilities which are a part of or link this project to the public infrastructure shall be shown.
- c. Grading plans depicting proposed finish site elevations.
- d. Site drainage and roof drainage.
- e. Required connections to existing and proposed utilities.
- f. All existing structures adjacent the site.

2. Building floor plans and elevations including structural system, at an appropriate scale (1/8" = 1'-0" minimum).

3. Building sections showing typical cross sections at an appropriate scale (1/8" = 1'-0" minimum), and in particular indicating street walls and adjacent open spaces, relationship of ground floor uses to pedestrian outdoor areas, and including mechanical equipment.

4. Landscape design plans showing details of landscape elements including walls, fences, planting, outdoor lighting, ground surface materials. Appropriate reference to improvements in the City's right of way shall be shown.

5. Drawings showing structural, mechanical and electrical systems.

6. Materials and colors samples as they may vary from those submitted for Schematic Design approval.

7. Sign locations and design.

8. Outline specifications for materials and methods of construction.

9. Roof plan showing location of and screen design for all rooftop equipment; and roof drainage.

C FINAL CONSTRUCTION DOCUMENTS

Documents submitted at this stage in the design review will relate to the construction documents level of detail for a specific project. The purpose of this submittal is to expand and develop the Design Development Documents, prepare drawings and specifications in sufficient detail to set forth the requirements of construction of the project and to provide for permitting.

The Final Construction Documents shall generally be consistent with the approved Design Development Documents. The Final Construction Documents shall comply with the requirements of the City's Department of Building Inspection, including Site Plans and Construction Drawings and Specifications ready for bidding. In addition, the applicant shall submit a presentation of all exterior color schedules including samples, if appropriate, and design drawings for all exterior signs and graphics prior to completed construction. The OCII staff and applicant shall continue to work to resolve any outstanding design issues, as necessary.
