**LEGACY FOUNDATION FOR BAYVIEW HUNTERS POINT  
RELEASES REQUEST FOR PROPOSALS (RFP) FOR OPERATION  
OF PROPOSED HACKER HUB**

*Hacker Hub Will Create Early Opportunities for Young Bayview Hunters Point residents  
to Enter the STEM (Science, Technology, Engineering, Mathematics) Workforce  
Development Pipeline*

**San Francisco, CA**— The Legacy Foundation for Bayview Hunters Point has just released a Request for Proposals (“RFP”) to solicit operating plans for a brand new Hacker Hub in the Bayview Hunters Point (“BVHP”) neighborhood.

The Hacker Hub will be a computer technology tutoring center focused on providing the tools needed to enter into the STEM workforce; it will create opportunities and potential careers in computer coding and other technology fields. The continuation of STEM education at all levels of schooling seeks to ensure students who enter the Hacker Hub at an early age will benefit from the program into adulthood.

The Hacker Hub is projected to provide students with educational programs spanning math enrichment, coding, digital music and video game design. It will require site-based technological equipment to support all educational services.

The Legacy Foundation for Bayview Hunters Point was established as part of the Bayview Hunters Point Shipyard Redevelopment Project to strengthen Bayview Hunters Point’s human development capacity as the neighborhood’s physical environment undergoes transformation.

Proposals and all required attachments must be received no later than 4:00 PM Pacific Time on January 31, 2018. Any proposals or unsolicited amendments to proposals received after the due date and time will not be considered in the review process.

Electronic responses will be accepted if received by the due date and time. The proposal is available at <http://sfocii.org/rfp>.
