I. INTRODUCTION

Community Facilities District No. 6 (Mission Bay South Public Improvements)

On March 28, 2000, the Commission of the Redevelopment Agency of the City and County of San Francisco (the “Agency”) established Community Facilities District No. 6 (Mission Bay South Public Improvements). In a landowner election held on the same day, the qualified landowner electors within CFD No. 6 authorized the levy of a Mello-Roos special tax on property within CFD No. 6 to fund certain public facilities. The landowners also voted to incur bonded indebtedness in an amount not to exceed \$200,000,000.

The CFD is located in the City and County of San Francisco (the “City”) and is adjacent to and on the southwest side of AT&T Park, the waterfront stadium of the San Francisco Giants, and includes approximately 237 acres of land. However, only approximately 62 acres are expected to be subject to the special tax at buildout of the CFD. The entire CFD is located within the Agency’s Mission Bay South Redevelopment Project.

Pursuant to California legislation enacted in 2011 and 2012, redevelopment agencies in California, including the Agency, were dissolved. The successor to the Agency (“Successor Agency”) has succeeded to certain rights of the Agency and is authorized to continue to implement the Mission Bay South Redevelopment Project.

The types of facilities to be funded by special tax revenues generally include park improvements and restrooms, streets, rails and rail line bridges, sewer and storm drainage systems, water systems, street improvements (including freeway ramps), traffic signal systems, dry utilities, and any other improvements which are to be constructed in or for the benefit of the CFD.

The Mello-Roos Community Facilities Act of 1982

The reduction in property tax revenue that resulted from the passage of Proposition 13 in 1978 required public agencies and real estate developers to look for other means to fund public infrastructure. The funding available from traditional assessment districts was limited by certain requirements of the assessment acts, and it became clear that a more flexible funding tool was needed. In response, the California State Legislature approved the Mello-Roos Community Facilities Act of 1982 (the “Act”), which provides for the levy of a special tax within a defined geographic area, namely a community facilities district, if such a levy is approved by two-thirds of the qualified electors in the area. Community facilities districts can generate funding for a broad range of facilities, and special taxes can be allocated to property in any reasonable manner other than on an ad valorem basis.

A community facilities district is authorized to issue tax-exempt bonds that are secured by land within the district. If a parcel does not pay the special tax levied on it, a public agency can foreclose on the parcel and use the proceeds of the foreclosure sale to ensure that bondholders receive interest and principal payments on the bonds. Because bonds issued by a community facilities district are land-secured, there is no risk to a public agency’s general fund or taxing capacity. In addition,

because the bonds are tax-exempt, they typically carry an interest rate that is lower than conventional construction financing.

II. PURPOSE OF REPORT

This CFD Tax Administration Report (the “Report”) presents findings from research and financial analysis performed by Goodwin Consulting Group, Inc. to determine the fiscal year 2024-25 special tax levy for CFD No. 6. The Report is intended to provide information to interested parties regarding the current financial obligations of the CFD and special taxes to be levied in fiscal year 2024-25. The Report also summarizes development activity as well as other pertinent information (e.g., prepayments) for CFD No. 6.

The Report is organized into the following sections:

- **Section III** identifies financial obligations of CFD No. 6 for fiscal year 2024-25.
- **Section IV** provides a summary of the methodology that is used to apportion the special tax among parcels in the CFD.
- **Section V** provides an update of the development activity occurring within the CFD.
- **Section VI** identifies parcels, if any, that have prepaid their special tax obligation.
- **Section VII** provides a summary of state reporting requirements.

III. SPECIAL TAX REQUIREMENT

Pursuant to the Rate and Method of Apportionment of Special Tax (the “RMA”), which was adopted as an exhibit to the Resolution of Formation of CFD No. 6, the Special Tax Requirement means the amount that must be levied in any fiscal year: (i) to pay principal and interest on Bonds due in the calendar year which begins in such fiscal year, (ii) to create or replenish reserve funds for Bonds, (iii) to cure any delinquencies in the payment of Special Taxes which have occurred or may be expected to occur in the fiscal year in which the Special Tax will be collected, (iv) to pay administrative expenses, (v) to pay construction and/or acquisition costs and expenses of Infrastructure the Successor Agency expects to fund from Special Tax proceeds in such fiscal year, (vi) to pay for a letter of credit, bond insurance or any other type of credit enhancement for Bonds, and (vii) to pay arbitrage or other rebate payments. The Special Tax Requirement may be reduced in any fiscal year by applying interest earnings on or surplus balances in the CFD accounts and amounts in any capitalized interest accounts available to pay debt service on the Bonds. For fiscal year 2024-25, the Special Tax Requirement is \$11,849,346 and is calculated in the table below.

IV. SPECIAL TAX LEVY

Special Tax Categories

Special taxes within CFD No. 6 are levied pursuant to the methodology set forth in the RMA. Among other things, the RMA establishes various special tax categories against which the special tax may be levied, the maximum special tax rates, and the methodology by which the special tax is applied. On or about July 1 of each Fiscal Year, the administrator shall determine which parcels in CFD No. 6 are Taxable Property and shall classify all Taxable Property as either Developed Property or Undeveloped Property. Taxable Property shall be subject to Special Taxes for the Fiscal Year which commences on such July 1, in accordance with Sections C and D in the RMA. For purposes of determining the applicable Special Tax pursuant to Section C of the RMA, each parcel of Developed Property shall be assigned by the administrator to one of the applicable Land Use Classes (regardless of how many different land uses occur on the Parcel) and, in the case of For-Sale Residential Property, to one of the For-Sale Residential Categories. Determinations needed as to Square Footage or the number of For-Sale Residential Units shall be made by the administrator by referencing the building permit, approved Major Phase documentation as defined in the Mission Bay South Owner Participation Agreement, site plan, or other development plan deemed relevant by the administrator. *(Unless otherwise indicated, capitalized terms shall have the same meaning set forth in the RMA included in Appendix C of this Report.)*

Maximum Special Tax Rates

The maximum special tax rates applicable to each category of taxable property in CFD No. 6 are set forth in Section C of the RMA. The percentage of the maximum special tax rates that will be levied on each land use category in fiscal year 2024-25 are determined by the method of apportionment included in Section D of the RMA. The table in Appendix A identifies the fiscal year 2024-25 maximum special tax rates and actual special tax rates for Taxable Property in CFD No. 6.

Apportionment of Special Taxes

Each fiscal year, as set forth in Section D of the RMA, the special tax shall be levied on taxable property in the CFD until the amount of the levy is equal to the Special Tax Requirement for that fiscal year.

First, the special tax is levied proportionately on all parcels of For-Sale Residential Property up to 100% of the maximum special tax. If additional revenues are needed after the first step, the special tax shall be levied proportionately on all parcels of Developed Property up to 100% of the maximum special tax. If additional revenues are needed after the second step, and capitalized interest and any surpluses have been applied, the special tax shall be levied proportionately on each parcel of Undeveloped Property up to 100% of the maximum special tax.

Appendix B identifies the special tax levied on each parcel in the CFD for fiscal year 2024-25.

V. DEVELOPMENT UPDATE

As of July 1, 2024, a total of 51 lots had building permits issued and are therefore categorized as Developed Property for the fiscal year 2024-25 tax levy. Based on the current status of development in CFD No. 6, the following table summarizes the allocation of lots to the special tax categories established in the RMA:

**Community Facilities District No. 6

** Includes 1,045 For-Sale Residential Units.*

VI. PREPAYMENTS

No property owner within CFD No. 6 has prepaid his/her special tax obligation as of June 30, 2024.

VII. STATE REPORTING REQUIREMENTS

Senate Bill No. 165

On September 18, 2000, former Governor Gray Davis signed Senate Bill 165 which enacted the Local Agency Special Tax and Bond Accountability Act. In approving the bill, the Legislature declared that local agencies need to demonstrate to the voters that special taxes and bond proceeds are being spent on the facilities and services for which they were intended. To further this objective, the Legislature added Sections 50075.3 and 53411 to the California Government Code setting forth annual reporting requirements relative to special taxes collected and bonds issued by a local public agency. Pursuant to the Sections 50075.3 and 53411, the “chief fiscal officer” of the public agency will, by January 1, 2002, and at least once a year thereafter, file a report with the City setting forth (i) the amount of special taxes that have been collected and expended; (ii) the status of any project required or authorized to be funded by the special taxes; (iii) if bonds have been issued, the amount of bonds that have been collected and expended; and (iv) if bonds have been issued, the status of any project required or authorized to be funded from bond proceeds.

Assembly Bill No. 1666

On July 25, 2016, Governor Jerry Brown signed Assembly Bill No. 1666, adding Section 53343.2 to the California Government Code (“GC”). The bill enhances the transparency of community facilities districts by requiring that certain reports be accessible on a local agency’s web site. Pursuant to Section 53343.2, a local agency that has a web site shall, within seven months after the last day of each fiscal year of the district, display prominently on its web site the following information:

Item (a): A copy of an annual report, if requested, pursuant to GC Section 53343.1. The report required by Section 53343.1 includes CFD budgetary information for the prior fiscal year and is only prepared by a community facilities district at the request of a person who resides in or owns property in the community facilities district. If the annual report has not been requested to be prepared, then a posting to the web site would not be necessary.

Item (b): A copy of the report provided to the California Debt and Investment Advisory Commission (“CDIAC”) pursuant to GC Section 53359.5. Under Section 53359.5, local agencies must provide CDIAC with the following: (i) notice of proposed sale of bonds; (ii) annual reports on the fiscal status of bonded districts; and (iii) notice of any failure to pay debt service on bonds, or of any draw on a reserve fund to pay debt service on bonds.

Item (c): A copy of the report provided to the State Controller’s Office pursuant to GC Section 12463.2. This section refers to the parcel tax portion of a local agency’s Financial Transactions Report that is prepared for the State Controller’s Office annually. Note that school districts are not subject to the reporting required by GC Section 12463.2.

Assembly Bill No. 1483

On October 9, 2019, Governor Gavin Newsom signed Assembly Bill No. 1483, adding Section 65940.1 to the California Government Code. The law requires that a city, county, or special district that has an internet website, maintain on its website a current schedule of fees, exactions, and affordability requirements imposed by the public agency on all housing development projects. Pursuant to Section 65940.1, the definition of an exaction includes a special tax levied pursuant to the Mello-Roos Community Facilities Act.

Assembly Bill No. 1483 defines a housing development project as consisting of (a) residential units only; or (b) mixed-use developments consisting of residential and non-residential land uses with at least two-thirds of the square footage designated for residential use; or (c) transitional housing or supportive housing. Assembly Bill No. 1483 also requires a city, county, or special district to update this information on their website within 30 days of any changes made to the information.

Rate and Method of Apportionment of Special Tax

**REDEVELOPMENT AGENCY OF THE CITY AND COUNTY OF SAN FRANCISCO
COMMUNITY FACILITIES DISTRICT NO. 6
(Mission Bay South Public Improvements)**

RATE AND METHOD OF APPORTIONMENT OF SPECIAL TAX

A Special Tax applicable to each Assessor's Parcel of Taxable Property in the Redevelopment Agency of the City and County of San Francisco Community Facilities District No. 6 (Mission Bay South Public Improvements) (herein "CFD No. 6") shall be levied and collected according to the tax liability determined by the Administrator (or designee thereof) through the application of the procedures described below. All of the real property in CFD No. 6, unless exempted by law or by the provisions hereof, shall be taxed for the purposes, to the extent, and in the manner herein provided, including property subsequently annexed into CFD No. 6 unless a separate Rate and Method of Apportionment of Special Tax is adopted for the annexation area.

A. DEFINITIONS

The capitalized terms hereinafter set forth have the following meanings when used in this Rate and Method of Apportionment:

"Acre or Acreage" means the land area of an Assessor's Parcel as shown on an Assessor's Parcel Map, or if the land area is not shown on an Assessor's Parcel Map, the land area shown on the applicable final map, parcel map, condominium plan or other parcel map recorded with the County Recorder. For an Airspace Parcel, Acreage means the portion of the Underlying Land Parcel that is assigned to the Airspace Parcel pursuant to procedures set forth in Section C below. If the Acreage of a particular Parcel is unclear after reference to available maps, the Administrator shall determine the appropriate Acreage for the Parcel.

“Equivalent Dwelling Unit Factor” or “EDU” means the numerical factor assigned to each For-Sale Residential Unit category in Table 2 of Section C.2 below for purposes of apportioning the Maximum Special Tax.

“Exempt Land” means any real property within the boundaries of CFD No. 6 (i) owned by a governmental agency as of the date of adoption of the Resolution of Formation (but not after the date, if any, such land is conveyed to a nongovernmental entity), (ii) from and after the

date conveyed to a governmental agency under the terms of the Mission Bay South Owner Participation Agreement as in effect on the date the Resolution of Formation was adopted by the Commission, (iii) from and after the date conveyed to a governmental agency under the terms of the Land Transfer Agreements as in effect on the date the Resolution of Formation was adopted by the Commission, (iv) which is Agency Affordable Housing Parcels (as defined in the Mission Bay South Owner Participation Agreement as in effect on the date the Resolution of Formation was adopted by the Commission) from and after the date conveyed to the Agency or a Qualified Housing Developer (as defined in the Mission Bay South Owner Participation Agreement as in effect on the date the Resolution of Formation was adopted by the Commission), (v) which is a VARA Corridor, (vi) which makes up the strip of land under Interstate 280 that: (1) is owned by Catellus Development Corporation, (2) has a separate Assessor's Parcel number assigned to it, and (3) on the date the Resolution of Formation was adopted, was part of Assessor's Parcel number 8709-01 or 8723-01, or (vii) which is the subject of a public trust or other permanent easement to a public agency making impractical its use for other than the purposes set forth in the easement. The Special Tax Requirement may be reduced in any Fiscal Year, as determined by the Administrator, by taking into account money available from one or more of the following sources: (i) interest earnings on or surplus balances in the CFD No. 6 funds and accounts that are available to be applied in such Fiscal Year to the payment of Bond debt service under the provisions of the Indenture pursuant to which Bonds were issued, (ii) amounts in any capitalized interest account established when Bonds were issued and reasonably expected to be available in such Fiscal Year to pay debt service on Bonds, (iii) Net Available Increment, and (iv) any other funds available to apply against the Special Tax Requirement as determined by the Administrator.

“Square Foot”, “Square Footage” or “Square Feet” means the square footage reflected on the original construction building permit issued for construction of a residential or non-residential building and any Square Footage subsequently added to a residential or non-residential building after issuance of a building permit for expansion or renovation of such building.

“Stand-Alone Parking Acreage” means the portion of an Underlying Land Parcel that is assigned to Stand-Alone Parking. If the Stand-Alone Parking is physically located on its own Assessor’s Parcel (i.e., a Parcel not shared by any other land use), the Stand-Alone Parking Acreage shall be the Acreage of the Assessor’s Parcel. If the Stand-Alone Parking shares an Underlying Land

Parcel with other land uses that have been assigned separate Assessor's Parcel numbers, the corresponding Stand-Alone Parking Acreage shall be determined by (1) dividing the Square Footage of the Stand-Alone Parking by the total Square Footage of all structures built or anticipated to be built on the Underlying Land Parcel (not including Square Footage built on Exempt Parking Parcels), and (2) multiplying the quotient by the total Acreage of the Underlying Land Parcel on which the building sits.

"Stand-Alone Parking" means a structure that meets all of the following criteria: (1) the primary use (i.e., the majority of Square Footage) of the structure is parking, (2) the structure has been assigned its own Assessor's Parcel number and will receive its own tax bill, and (3) the structure does not include Square Footage that is designated for residential, hotel or office uses other than office areas used for parking operations.

"Stand-Alone Retail Acreage" means the portion of an Underlying Land Parcel that is assigned to Stand-Alone Retail Property. If the Stand-Alone Retail Property is physically located on its own Assessor's Parcel (i.e., a Parcel not shared by any other land use), the Stand-Alone Retail Acreage shall be the Acreage of the Assessor's Parcel. If the Stand-Alone Retail Property is in a building or shares an Underlying Land Parcel with other land uses that have been assigned separate Assessor's Parcel numbers, the corresponding Stand-Alone Retail Acreage shall be determined by (1) dividing the Square Footage of the Stand-Alone Retail Property by the total Square Footage of all structures built or anticipated to be built on the Underlying Land Parcel (not including Square Footage built on Exempt Parking Parcels), and (2) multiplying the quotient by the total Acreage of the Underlying Land Parcel on which the building(s) sits.

"Stand-Alone Retail Property" means a building, or a portion of a building, which (i) has been constructed to be leased to tenants who will offer goods, services, food or beverages for sale to the general public or on a wholesale basis directly from the leased premises, and (ii) has been assigned a separate Assessor's Parcel number and, therefore, will receive a separate property tax bill from other Parcels in the CFD.

"Taxable Property" means all of the Assessor's Parcels within the boundaries of CFD No. 6 which are not: (1) Exempt Land, (2) Exempt Parking Parcels, or (3) exempt from the Special Tax pursuant to law.

"Underlying Land Parcel" means an area of land that had been or would be a single Assessor's Parcel except for the assignment of separate Assessor's Parcel numbers to individual condominiums or other Airspace Parcels located on the Underlying Land Parcel.

"Undeveloped Property" means Parcels of Taxable Property in CFD No. 6 not classified as Developed Property.

"VARA Corridor" means a privately-owned corridor running through the South of Channel area that is designated as an easement for public utilities, pedestrian and vehicular circulation, and views. Property will only be designated as a VARA Corridor and, therefore, categorized as

Exempt Land if it is reflected on an Assessor's Parcel Map as a piece of property separate from a Parcel of Taxable Property.

B. ASSIGNMENT TO LAND USE CLASSES

On or about July 1 of each Fiscal Year, the Administrator shall determine which Parcels in CFD No. 6 are Taxable Property and shall classify all Taxable Property as either Developed Property or Undeveloped Property. Taxable Property shall be subject to Special Taxes for the Fiscal Year which commences on such July 1, in accordance with the rate and method of apportionment described in Sections C and D below. For purposes of determining the applicable Special Tax pursuant to Section C, each Parcel of Developed Property shall be assigned by the Administrator to one of the Land Use Classes designated in Table 1 (regardless of how many different land uses occur on the Parcel) and, in the case of For-Sale Residential Property, to one of the For-Sale Residential Categories shown in Table 2. Determinations needed as to Square Footage or the number of For-Sale Residential Units shall be made by the Administrator by referencing the building permit, approved Major Phase documentation as defined in the Mission Bay South Owner Participation Agreement, site plan, or other development plan deemed relevant by the Administrator. Determination of the appropriate Land Use Class shall be at the sole discretion of the Administrator subject to the definitions set forth in this RMA.

C. MAXIMUM SPECIAL TAX

1. Maximum Special Tax, Developed Property Other Than For-Sale Residential Property

The following Maximum Special Tax rates for Developed Property shall apply to all Parcels of Taxable Property within CFD No. 6, other than For-Sale Residential Property, in each Fiscal Year in which a Special Tax is collected. The actual amount of Special Tax to be levied in any Fiscal Year on any Parcel of Developed Property shall be determined in accordance with Section D below.

TABLE 1
MAXIMUM SPECIAL TAX FOR DEVELOPED PROPERTY
(Fiscal Year 2000-01) *

<i>Land Use Class</i>	<i>Description</i>	<i>Maximum Special Tax *</i>
1	Rental Residential Property	\$114,000 per Acre
2	Hotel Property	\$114,000 per Acre
3	Initial Stand-Alone Retail Property	\$0.50 per Square Foot
4	Office Property	\$114,000 per Acre
5	Other Property	\$114,000 per Acre
6	Stand-Alone Parking	\$114,000 per Acre
7	Stand-Alone Retail Property	\$114,000 per Acre

** On each July 1, commencing July 1, 2001, Maximum Special Taxes for the Fiscal Year commencing such July 1 shall be increased by two percent (2%) of the Maximum Special Taxes in effect in the previous Fiscal Year.*

In some instances an Assessor's Parcel of Developed Property may contain multiple land uses. The following procedures shall be applied to determine the Maximum Special Tax for Parcels with multiple Land Use Classes:

1.a. Parcels of Stand-Alone Retail Property

If a construction building permit is issued for any building within CFD No. 6 and all or a portion of the Square Footage of the building is specifically designated for retail uses at the time the building permit is issued, the Administrator must determine whether the retail uses are Stand-Alone Retail Property. If it is determined that the retail uses do not meet the definition of Stand-Alone Retail Property, the Acreage or portion of Acreage of the Underlying Assessor's Parcel that is assigned to the building shall be used to determine the Maximum Special Tax for the building.

If the retail uses on the Parcel meet the definition of Stand-Alone Retail Property, the Administrator then must determine whether any of the identified Stand-Alone Retail Property (the "Subject Parcel") can be further classified as Initial Stand-Alone Retail Property. The test for identifying Initial Stand-Alone Retail Property and applying a Maximum Special Tax thereto is specified below in Steps 1 through 6. If building permits are issued at the same time for multiple Parcels of Stand-Alone Retail Property that are

owned by different owners, the remaining Square Footage and Acreage that can be allocated as Initial Stand-Alone Retail Property shall be divided up equally between the Parcels. For example, if there is Square Footage on two Parcels that qualifies as Initial Stand-Alone Retail Property, the remaining allocation will be divided in half and each Parcel shall get the benefit of one-half of the remaining Square Footage to be allocated as Initial Stand-Alone Retail Property. If building permits are issued at the same time for multiple Parcels of Stand-Alone Retail Property that are owned by the same owner, the owner can determine how the remaining Initial Stand-Alone Property allocation will be split among his/her Parcels.

If Stand-Alone Retail Property is identified on the Parcel, the following steps shall be applied to determine the Maximum Special Tax for the Subject Parcel:

- Step 1.** Identify the total Square Footage of Stand-Alone Retail Property and the amount of Stand-Alone Retail Acreage that was included in building permits issued within the CFD prior to the date the building permit was issued for the Subject Parcel.
- Step 2.** Subtract the Square Footage determined in Step 1 from 90,000 and subtract the Stand-Alone Retail Acreage determined in Step 1 from 1.0. If either of the differences is equal to or less than zero, none of the Square Footage on the Subject Parcel can be categorized as Initial Stand-Alone Retail Property. If the differences are greater than zero, the Administrator shall determine the amount of Square Footage that can qualify as Initial Stand-Alone Retail Property without exceeding a total of either 90,000 Stand-Alone Retail Square Feet or 1.0 Stand-Alone Retail Acre in the CFD as a whole. This amount of Square Footage shall be the Initial Stand-Alone Retail Property on the Parcel.
- Step 3.** Multiply the Initial Stand-Alone Retail Square Footage determined in Step 2 by the Maximum Special Tax for Initial Stand-Alone Retail Property for the then current Fiscal Year to determine the portion of the Maximum Special Tax for the Subject Parcel that will be generated from Initial Stand-Alone Retail Property on the Subject Parcel.
- Step 4.** Subtract the Stand-Alone Retail Acreage that corresponds to the Square Footage of Initial Stand-Alone Retail Property determined in Step 2 from the total Stand-Alone Retail Acreage on the Subject Parcel to determine the Acreage on the Subject Parcel that is associated with Stand-Alone Retail Property that did not qualify as Initial Stand-Alone Retail Property.

- Step 5.** Multiply the Acreage from Step 4 by the then current Maximum Special Tax for Stand-Alone Retail Property to determine the portion of the Maximum Special Tax for the Subject Parcel that will be generated from Stand-Alone Retail Property that did not qualify as Initial Stand-Alone Retail Property.
- Step 6.** Add together the Maximum Special Taxes determined in Steps 3 and 5 to determine the total Maximum Special Tax for the Subject Parcel in the current Fiscal Year.

If multiple land uses occur in the same building and/or on the same Underlying Land Parcel on which the Stand-Alone Retail Property is located and a separate Assessor's Parcel number has been assigned to one or more of such land uses, the Administrator shall follow the procedures set forth in Section C.1.c. below to delineate the Acreage of the Underlying Land Parcel. The identified Acreage shall then be used to separately calculate the Maximum Special Tax for the individual Assessor's Parcels on which each other land use is located.

1.b. Parcels of Stand-Alone Parking

If a construction building permit is issued for any building within CFD No. 6 and all or a portion of the Square Footage of the building is specifically designated for parking at the time the building permit is issued, the Administrator must determine whether the parking will be Stand-Alone Parking. If it is determined that the parking areas do not meet the definition of Stand-Alone Parking, the Maximum Special Tax shall be determined based on the Acreage or portion of Acreage of the Underlying Land Parcel that is assigned to the building, without a separate allocation to the area designated for parking. If the parking is Stand-Alone Parking, the Administrator shall apply the following steps to determine the Maximum Special Tax for the Parcel of Stand Alone Parking (the "Subject Parcel"):

- Step 1.** Determine the Stand-Alone Parking Acreage on the Subject Parcel.
- Step 2.** Multiply the Maximum Special Tax for Stand-Alone Parking for the then current Fiscal Year by the Stand-Alone Parking Acreage determined in Step 1 to calculate the Maximum Special Tax for the Subject Parcel.

If multiple land uses occur on the same Underlying Land Parcel on which Stand-Alone Parking is located, the Administrator shall delineate the Stand-Alone Parking Acreage on the Underlying Land Parcel as set forth in Step 1 above. The remaining Acreage on the Underlying Land Parcel shall be taxed, depending on the land use, pursuant to other applicable sections of this Rate and Method of Apportionment of Special Tax.

1.c. Underlying Land Parcels with Multiple Land Uses

If multiple land uses that have been assigned separate Assessor's Parcel numbers occur in the same building and/or on the same Underlying Land Parcel anywhere within CFD No. 6, the Administrator shall delineate the Acreage of the Underlying Land Parcel that is associated with each type of land use as follows: (1) divide the Square Footage associated with each land use (other than Square Footage on Exempt Parking Parcels) by the total Square Footage of all structures built or anticipated to be built (based on building permits that have been issued) on the Underlying Land Parcel (not including Square Footage built on Exempt Parking Parcels), and (2) multiply the quotient by the total Acreage of the Underlying Land Parcel on which the building(s) sits. The identified Acreage shall then be used to separately calculate the Maximum Special Tax for the individual Assessor's Parcels on which each land use is located.

If a building permit has been issued for development of a structure on an Underlying Land Parcel in the CFD which is anticipated to have additional structures built on it that will not be Exempt Parking Parcels, a portion of the Acreage of the Underlying Land Parcel shall be taxed as Undeveloped Property if building permits for all of the structures in the approved Major Phase documentation as defined in the Mission Bay South Owner Participation Agreement for the Underlying Land Parcel were not issued as of July 1 of the Fiscal Year in which the Special Taxes are being levied. If the Acreage assigned to each building anticipated on the Underlying Land Parcel is not clearly delineated on a subdivision map, the Acreage of the portion of the Underlying Land Parcel to be taxed as Developed Property shall be equal to the structure's pro rata share of the total residential units or Square Footage anticipated to be constructed on the Underlying Land Parcel (not counting Square Footage on an Exempt Parking Parcel), as determined by reference to the Major Phase documentation, multiplied by the total Acreage of the Underlying Land Parcel.

Notwithstanding the above, if one or more of the additional structures to be built on the Underlying Land Parcel is expected to be a parking structure that will not be Stand-Alone Parking or if it is uncertain whether the structure will be Stand-Alone Parking, the Acreage associated with the Exempt Parking Parcel shall be assigned to the building for which a building permit has been issued and shall factor into the Maximum Special Tax calculation for that building. If the Exempt Parking Parcel ultimately becomes Stand-Alone Parking, a separate Maximum Special Tax shall be assigned to the parking structure based on the Acreage determined to be Stand-Alone Parking Acreage, and the Maximum Special Tax that had originally been assigned to the building that was first built on the Underlying Land Parcel shall be reduced by the amount of the Maximum Special Tax allocated to the Parcel of Stand-Alone Parking.

Once a Maximum Special Tax has been assigned to a Parcel of Developed Property, the Maximum Special Tax shall not be reduced in future Fiscal Years regardless of changes in land use, Square Footage, or Acreage, unless (1) a reduction in the Maximum Special Tax is

approved by the Commission for the entire CFD, or (2) Stand-Alone Parking is added to an Underlying Land Parcel as set forth in the paragraph above.

2. Maximum Special Tax, For-Sale Residential Property

2.a. Underlying Land Parcels with No Stand-Alone Parking or Stand-Alone Retail

The Maximum Special Tax for a building of For-Sale Residential Property shall be the amount determined by multiplying the Acreage or portion of Acreage of the Parcel that is assigned to the building pursuant to Section C.2.d below by \$114,000. Once the Maximum Special Tax has been calculated for the building, a separate Maximum Special Tax shall be determined for each For-Sale Residential Unit in the building through application of the following steps:

- Step 1.** For each building with For-Sale Residential Units, determine the Acreage associated with the building. If additional buildings will be constructed on the Underlying Land Parcel on which the building is located, use the procedures set forth in Section C.2.d below to determine the Acreage. If no additional buildings are expected on the Underlying Land Parcel, use the entire Acreage of the Parcel.
- Step 2.** Using the Acreage from Step 1, determine the Maximum Special Tax for the building.
- Step 3.** Identify the square footage of each For-Sale Residential Unit to be constructed within the building.
- Step 4.** Using the square footage information from Step 3, multiply the number of For-Sale Residential Units expected within each For-Sale Residential Category by the appropriate Equivalent Dwelling Unit factor from Table 2 below and sum the EDUs for all For-Sale Residential Categories represented within the building for which Special Taxes are being calculated.

TABLE 2
FOR-SALE RESIDENTIAL CATEGORIES AND EQUIVALENT DWELLING UNIT FACTORS

<i>For-Sale Residential Category</i>	<i>EDU Factor</i>
For-Sale Residential Units, less than 550 square feet	0.55
For-Sale Residential Units, 551 to 800 square feet	0.70
For-Sale Residential Units, 801 to 1,175 square feet	0.85
For-Sale Residential Units, greater than 1,175 square feet	1.00

For example, assume 200 For-Sale Residential Units that are 1,300 square feet and 300 For-Sale Residential Units that are 900 square feet will be constructed in a building. The total EDUs for the building would be calculated as follows:

200 Units * EDU Factor of 1.00 =	200 EDUs
300 Units * EDU Factor of 0.85 =	<u>255 EDUs</u>
Total EDUs in Building =	455 EDUs

Step 5: Divide the Maximum Special Tax determined in Step 2 by the number of EDUs calculated in Step 4 to determine the *“Special Tax per EDU”*.

Step 6: If each For-Sale Residential Unit has been assigned an individual Assessor's Parcel number, multiply the Special Tax per EDU determined in Step 5 by the number of EDUs on each individual Parcel to determine the Maximum Special Tax for each Parcel. If separate Assessor's Parcels are not created for each For-Sale Residential Unit or if separate Assessor's Parcel numbers have not yet been assigned to each individual Assessor's Parcel, multiply the number of EDUs in the building (as determined in Step 4) by the Special Tax per EDU from Step 5 to determine the Maximum Special Tax for the building. If additional buildings will be constructed on the Parcel on which the building is located and such buildings are not expected to be Exempt Parking Parcels, the Special Tax levied on the Parcel shall be a combination of the Special Tax calculated pursuant to this Step 6 and the Special Tax to be levied on the remaining Undeveloped Property within the Parcel.

2.b. Underlying Land Parcels with For-Sale Residential Property and Other Land Uses

If other land uses that have been assigned separate Assessor's Parcel numbers (other than Exempt Parking Parcels) share an Underlying Land Parcel on which For-Sale Residential Property is located, the Administrator shall follow the direction set forth in Section C.1.c above to delineate the Acreage on the Underlying Land Parcel among the land uses. The Maximum Special Tax assigned to the portion of the Underlying Land Parcel which is determined to be For-Sale Residential Property shall be allocated among the For-Sale Residential Units pursuant to the procedure set forth in Section C.2.a above.

2.c. Conversions from Rental Residential Property to For-Sale Residential Property

If Rental Residential Units on an Assessor's Parcel are converted to For-Sale Residential Units, the Maximum Special Tax that had been assigned to the Parcel when it was Rental Residential Property shall remain effective in future Fiscal Years regardless of the conversion. The Maximum Special Tax assigned to the Parcel shall be allocated among the For-Sale Residential Units pursuant to the procedures set forth in Section C.2.a above.

2.d. Underlying Land Parcels with Remaining Undeveloped Property

If a building permit has been issued for development of For-Sale Residential Units on an Underlying Land Parcel in the CFD which is anticipated to have additional structures built on it and such structures are not expected to qualify as Exempt Parking Parcels, a portion of the Acreage of the Underlying Land Parcel shall be taxed as Undeveloped Property if building permits for all of the structures in the approved Major Phase documentation as defined in the Mission Bay South Owner Participation Agreement for the Underlying Land Parcel were not issued as of July 1 of the Fiscal Year in which the Special Taxes are being levied. If the Acreage assigned to each building anticipated on the Underlying Land Parcel is not clearly delineated on a subdivision map, the Acreage of the portion of the Underlying Land Parcel to be taxed as For-Sale Residential Property shall be equal to the structure's pro rata share of the total For-Sale Residential Units (if all of the remaining structures are expected to be For-Sale Residential Property) or Square Footage (if the remaining structures will include land uses other than For-Sale Residential Property and which shall not include Square Footage built on Exempt Parking Parcels) anticipated to be constructed on the Underlying Land Parcel, as determined by the Administrator by reference to the approved Major Phase documentation as defined in the Mission Bay South Owner Participation Agreement, multiplied by the total Acreage of the Underlying Land Parcel.

Once a Maximum Special Tax has been assigned to an Assessor's Parcel of For-Sale Residential Property, the Maximum Special Tax assigned to that Parcel shall never be reduced regardless of changes in land use on the Parcel in future years, unless a reduction in the Maximum Special Tax is approved by the Commission for the entire CFD.

3. *Maximum Special Tax, Undeveloped Property*

The Maximum Special Tax for Undeveloped Property is \$114,000 per Acre and shall apply to all Parcels or portions of Parcels of Taxable Property within CFD No. 6 that are Undeveloped Property in each Fiscal Year in which the Special Tax is collected. On each July 1, commencing July 1, 2001, the Maximum Special Tax for Undeveloped Property for the Fiscal Year commencing such July 1 shall be increased by two percent (2%) of the Maximum Special Tax for Undeveloped Property in effect in the previous Fiscal Year.

D. METHOD OF APPORTIONMENT OF THE SPECIAL TAX

Commencing with Fiscal Year 2000-01 and for each following Fiscal Year, the Administrator or designee shall determine the Special Tax Requirement to be collected from Taxable Property in CFD No. 6 in the applicable Fiscal Year. The Special Tax shall then be levied as follows:

First: The Special Tax shall be levied proportionately on each Assessor's Parcel of For-Sale Residential Property up to 100% of the Maximum Special Tax for each For-Sale Residential Unit, as determined by reference to Section C.2 above, subject in any event to the limitation in the second paragraph of Section E below as to the levy on any particular Parcel;

Second: If additional monies are needed to pay the Special Tax Requirement after the first step has been completed, the Special Tax shall be levied proportionately on each Assessor's Parcel of Developed Property other than For-Sale Residential Property up to 100% of the applicable Maximum Special Tax for each such Parcel of Developed Property, as determined by reference to Section C.1 above;

Third: If additional monies are needed to pay the Special Tax Requirement after the first two steps have been completed, the Special Tax shall be levied proportionately on each Assessor's Parcel of Undeveloped Property up to 100% of the Maximum Special Tax for Undeveloped Property, as determined by reference to Section C.3 above;

E. LIMITATIONS

No Special Taxes shall be levied in any Fiscal Year on any Parcel after such Parcel becomes Exempt Land, an Exempt Parking Parcel, or any Parcel for which the entire Special Tax has been prepaid pursuant to Section G below.

The Special Tax may be levied and collected until principal and interest on Bonds have been repaid and the Infrastructure has been completed and accepted by the applicable governmental agency and paid for with proceeds of Bonds, Special Taxes, Net Available Increment or bonds secured by Net Available Increment (as defined in the Mission Bay South Owner Participation Agreement), but in any event not later than the year 2050.

The Special Tax levied against a Parcel of For-Sale Residential Property or Rental Residential Property in a given Fiscal Year cannot be increased, as a consequence of delinquency or default by owners of other Parcels within CFD No. 6, by more than ten percent (10%) of the Special Tax levied on such Parcel in the prior Fiscal Year. An increase of ten percent (10%) or more shall be determined by comparison to what the levy of Special Tax would be for any Assessor's Parcel if there were no delinquencies or defaults on any other Assessor's Parcel in CFD No. 6.

F. MANNER OF COLLECTION

The Special Taxes will be collected in the same manner and at the same time as ordinary ad valorem property taxes; provided, however, that prepayments are permitted as set forth in Section G below and provided further that the Administrator may directly bill the Special Taxes and may collect Special Taxes at a different time or in a different manner if necessary to meet the financial obligations of CFD No. 6 or otherwise more convenient or efficient in the circumstances. Foreclosure of delinquent Special Taxes may be initiated and pursued in the manner permitted in the Act.

G. PREPAYMENT OF SPECIAL TAX

The Special Tax obligation applicable to each Assessor's Parcel in CFD No. 6 may be prepaid and the obligation of the Assessor's Parcel to pay the Special Tax permanently satisfied as described herein, provided that a prepayment may be made only if there are no delinquent Special Taxes with respect to such Assessor's Parcel at the time of prepayment. An owner of an Assessor's Parcel intending to prepay the Special Tax obligation shall provide the Administrator with (i) written notice of intent to prepay, and (ii) payment of fees to cover the cost of calculating and administering the prepayment as established by the Agency. Within 30 days of receipt of such written notice, the Administrator shall notify such owner of the prepayment amount for the Assessor's Parcel. A prepayment must be made to the Agency at least 45 days prior to the next occurring date that notice of redemption of Bonds from proceeds of such prepayment may be given to the trustee pursuant to the Indenture.

Revenues from prepayment of Special Taxes may be used by CFD No. 6 for any purpose allowed under the Act, including but not limited to the following: (i) to redeem Bonds; (ii) to pay for Infrastructure; and (iii) to escrow and be used to defease Bonds. The prepayment calculation shall be performed by the Administrator or an independent financial consultant selected by the Administrator and retained by the Agency in its sole discretion. No prepayment shall be allowed unless the amount of Special Taxes that can be levied on Taxable Property in the CFD after the prepayment is at least one hundred and ten percent (110%) of the maximum annual debt service on outstanding Bonds.

A partial prepayment may be made in an amount equal to any percentage of full prepayment desired by the party making a partial prepayment. The Maximum Special Tax that can be levied

on a Parcel after a partial prepayment is made is equal to the Maximum Special Tax that could have been levied prior to the prepayment, reduced by the percentage of the full prepayment that the partial prepayment represents, all as determined by or at the direction of the Administrator.

The following definitions apply to this Section G:

"Construction Inflation Index" means the greater of (i) the percent change in the construction cost index for the San Francisco region for the prior twelve (12) month period as published in the Engineering News Record or other comparable source if the Engineering News Record is discontinued or otherwise not available, or (ii) zero percent.

"Future Infrastructure Costs" means the Infrastructure Costs (as defined below) minus any costs funded by Previously Issued Bonds (as defined below), or directly from Special Tax revenues, Net Available Increment, or bonds secured by Net Available Increment as defined in the Mission Bay South Owner Participation Agreement.

"Outstanding Bonds" means all Previously Issued Bonds which remain outstanding, with the following exception: if a Special Tax has been levied against, or already paid by, an Assessor's Parcel making a prepayment, and a portion of the Special Tax will be used to pay a portion of the next principal payment on the Bonds that remain outstanding (as determined by the Administrator), that next principal payment shall be subtracted from the total Bond principal that remains outstanding, and the difference shall be used as the amount of **"Outstanding Bonds"** for purposes of this prepayment formula.

"Previously Issued Bonds" means all Bonds that have been issued by CFD No. 6 prior to the date of prepayment.

"Infrastructure Costs" means \$175,772,000 in 1999 dollars, which shall increase by the Construction Inflation Index on July 1, 2000 and each July 1 thereafter, or such other number as (i) shall be determined by the Administrator as sufficient to pay for the Infrastructure, or (ii) shall be determined by the Commission concurrently with a covenant that it will not issue any more Bonds to be supported by Special Taxes levied pursuant to this Rate and Method of Apportionment of Special Tax.

The Prepayment Amount shall be calculated as follows (capitalized terms as defined below):

	Bond Redemption Amount
plus	Future Infrastructure Amount
plus	Redemption Premium
plus	Defeasance
plus	Administrative Fees and Expenses
less	<u>Reserve Fund Credit</u>
equals	Prepayment Amount

As of the proposed date of prepayment, the Prepayment Amount shall be determined by application of the following steps:

- Step 1.** Determine the greater of (i) the total Maximum Special Tax that could be collected from the Assessor's Parcel prepaying the Special Tax based on the Parcel's development status in the Fiscal Year in which prepayment would be received by CFD No. 6, or (ii) the total Maximum Special Tax that could be collected from the Assessor's Parcel prepaying the Special Tax based on land uses expected on the Parcel when the entire Parcel becomes Developed Property, as determined by the Administrator.
- Step 2.** Divide the Maximum Special Tax computed pursuant to Step 1 for such Assessor's Parcel by the lesser of (i) the Maximum Special Tax revenues that could be collected in that Fiscal Year from all Taxable Property in CFD No. 6, or (ii) the Maximum Special Tax revenues that could be generated at buildout of property in CFD No. 6 based on anticipated land uses at buildout of the CFD.
- Step 3.** Multiply the quotient computed pursuant to Step 2 by the Outstanding Bonds to compute the amount of Outstanding Bonds to be retired and prepaid (the *"Bond Redemption Amount"*).
- Step 4.** Compute the current Future Infrastructure Costs.
- Step 5.** Multiply the quotient computed pursuant to Step 2 by the amount determined pursuant to Step 4 to compute the amount of Future Infrastructure Costs to be prepaid (the *"Future Infrastructure Amount"*).
- Step 6.** Multiply the Bond Redemption Amount computed pursuant to Step 3 by the applicable redemption premium, if any, on the Outstanding Bonds to be redeemed (the *"Redemption Premium"*).
- Step 7.** Compute the amount needed to pay interest on the Bond Redemption Amount from the last interest payment date on the Outstanding Bonds until the earliest redemption date for the Outstanding Bonds.
- Step 8.** Compute the minimum amount the Administrator reasonably expects to derive from the reinvestment of the Bond Redemption Amount plus the Redemption Premium until the redemption date for the Outstanding Bonds that the Administrator expects to be redeemed with the prepayment.
- Step 9.** Take the amount computed pursuant to Step 7 and subtract the amount computed pursuant to Step 8 (the *"Defeasance"*).

- Step 10.** The administrative fees and expenses of CFD No. 6 are as calculated by the Administrator and include the costs of computation of the prepayment, the costs of redeeming Bonds, and the costs of recording any notices to evidence the prepayment and the redemption (the "*Administrative Fees and Expenses*").
- Step 11.** If and to the extent so provided in the Indenture pursuant to which the Outstanding Bonds to be redeemed were issued, a reserve fund credit shall be calculated as a reduction in the applicable reserve fund for the Outstanding Bonds to be redeemed pursuant to the prepayment (the "*Reserve Fund Credit*").
- Step 12.** The Special Tax prepayment is equal to the sum of the amounts computed pursuant to Steps 3, 5, 6, 9, and 10, less the amount computed pursuant to Step 11 (the "*Prepayment Amount*").

H. APPEALS

Any property owner claiming that the amount or application of the Special Tax is not correct and requesting a refund may file a written notice of appeal with the Administrator not later than one calendar year after having paid the Special Tax that is disputed. The Administrator shall promptly review the appeal, and if necessary, meet with the property owner, consider written and oral evidence regarding the amount of the Special Tax, and decide the appeal. If the Administrator's decision requires the Special Tax to be modified or changed in favor of the property owner, a cash refund shall not be made (except for the last year of the levy), but an adjustment shall be made to the next Special Tax levy. This procedure shall be exclusive and its exhaustion by any property owner shall be a condition precedent to any legal action by such owner.
