INFORMATIONAL MEMORANDUM

TO: Community Investment and Infrastructure Commissioners  
FROM: Tiffany Bohee, Executive Director 
DATE: December 14, 2016 
SUBJECT: 2016 Quarter 3 Community Benefits Report for the Hunters Point Shipyard Phase 1 and Candlestick Point/Hunters Point Shipyard Phase 2 Disposition and Development Agreements; Hunters Point Shipyard and Bayview Hunters Point Redevelopment Project Areas

EXECUTIVE SUMMARY

As required in the Phase 1 Community Benefits Agreement ("CBA") and at the request of the Commission on Community Investment and Infrastructure ("Commission"), the Master Developer has provided a Quarter 3 Community Benefits Report (Attachment 2) demonstrating their efforts to comply with commitments contained in the Hunters Point Shipyard Phase 1 and Candlestick Point and Phase 2 of the Hunters Point Shipyard Disposition and Development Agreements ("DDAs"). Both the Phase 1 and Phase 2 DDAs contain robust Community Benefit commitments to be fulfilled by the Master Developers.

OCII staff has reviewed the report submitted by the Master Developer and provided comments in the attached HPS/CP OCII Community Benefits Compliance Analysis table (Attachment 3), for all the community benefits for each phase.

As illustrated in the attached Community Benefits Compliance table, the Master Developer is in substantial compliance with its requirements under the CBAs and has provided an array of benefits to the District 10 neighborhood. Where requirements have not been fully met, the letter to the Master Developer (Attachment 1) addresses next steps, proposes improvements by the Developer moving forward, or requests additional information.

Future Updates

Per the Phase 1 CBA, the Phase 1 Master Developer is required to provide quarterly written status reports on all Phase 1 community benefits programs to the Commission and make quarterly
presentations to the Mayor’s Hunters Point Shipyard Citizen’s Advisory Committee. The next quarterly community update will occur in January 2017 and cover the period from October 2016 through December 2016. At the Commission’s request, OCII staff will provide the Master Developer’s Community Benefit Program updates to the Commission with staff’s analysis of compliance with the CBA, which will continue to illustrate the cumulative impact of the Phase 1 and Phase 2 CBAs.

Re: 2016 Quarter 3 Community Benefits Report for the Hunters Point Shipyard Phase 1 and Candlestick Point/Hunters Point Shipyard Phase 2 Disposition and Development Agreements

Dear Kofi,

The Office of Community Investment and Infrastructure ("OCI") received the 2016 Quarter 3 Community Benefits Status Report on November 1, 2016 ("2016 Q3 Report") from HPS Development Co., LP and CP Development Co., LP (together, "Developer").

As you are aware, OCI oversees the implementation of development at Candlestick Point and Phases 1 and 2 of the Hunters Point Shipyard (together, the "Project"). OCI's oversight includes reviewing the Developer's performance of the community benefits contained in the Hunters Point Shipyard Phase 1 Community Benefits Agreement ("Phase 1 CBA") and the Candlestick Point and Hunters Point Shipyard Phase 2 Community Benefits Plan ("Phase 2 CBA", an exhibit to the Disposition and Development Agreement).

The Project's community benefits are intended to ensure that the Bayview Hunters Point ("BVHP") community has the opportunity to participate in, and benefit from, the Project.

Summary of OCI Review

OCI staff conducted an assessment of the 2016 Q3 Report to identify areas of compliance, partial compliance, or non-compliance. The Developer remains in substantial compliance with its obligations under both the Phase 1 and Phase 2 CBAs. However, there are several areas that require Developer action to bring them into full compliance or additional information to determine compliance.
Additional Information Required

The 2016 Q3 Report did not contain sufficient information to determine compliance in the following areas:

1) Owner Consolidated Insurance Program ("OCIP");
2) Surety Bond Program;
3) Construction Assistance Program; and the
4) Homebuyer Assistance Program.

Next Steps
- Developer will provide, in writing, confirmation that the OCIP and Surety Bond Programs continue to operate as required in the CBA. Developer should provide a response by January 13, 2017.
- Developer will provide a detailed payment log for payments made to the administrator of the Construction Assistance Program. Developer should provide a response by January 13, 2017.
- Developer will provide confirmation, including date and location, for any Homebuyer Assistance Program workshops held in Quarter 3. Developer should provide a response by January 13, 2017.

Additionally, OCII staff has identified the following areas which the Developer should focus on implementing improvements:

Developer Actions Required for Full Compliance

1) Outreach Program

Requirement
Under the Phase 1 CBA, the Developer is required to disseminate Project information, in addition to program specific information, via website, quarterly newsletters, special mailings and similar outreach activities. The Developer is also required to translate communications into Chinese, Spanish and Samoan.

Status
The Developer has established a project specific website to disseminate information, however, in 2016 no quarterly reports, newsletters, and/or special mailings have been circulated. The Master Developer has translated some project information into Chinese and Spanish, but has not provided information in Samoan. The CBA Outreach Plan additionally identifies specific BVHP community and cultural organizations which should receive Project information.

Next Steps
- Developer will procure the services of a Samoan translator by the end of the fourth quarter of 2016.
- Developer will prepare and share an outreach plan with OCII by the end of the first quarter of 2017.
- Developer will reevaluate and update the content on hunterspointcommunity.com by the end for the first quarter of 2017.
2) **Small Business Assistance Program**

**Requirement**
Under the Phase 1 CBA, the Developer is required to identify opportunities to assist small businesses in BVHP with obtaining contracts by, among other things, requiring its contractors and consultants to use their best efforts to purchase no less than 20% of the dollar value of all of their Shipyard Project related purchases from BVHP Area Small Businesses. The Developer must require contractors and consultants to provide monthly progress reports on the dollars spent with BVHP Area Small Businesses, and is required to include language in contracts with consultants and contractors regarding this obligation.

**Status**
The Developer continues to not require reporting from their contractors and consultants and does not include the required purchasing language in contracts with contractors and consultants.

**Next Steps**
- Developer will immediately start including language in contracts with Phase 1 consultants and contractors.
- Developer will report on Phase 1 consultant and contractor purchasing in the 2017 first quarter report.

3) **Community Builder Program**

**Requirement**
Under the Phase 1 CBA 30% of private housing development lots must be offered for development in partnership with Community Builders.

**Status**
Three Community Builder agreements have been executed to date. The Developer is working to finalize the remaining agreements. Staff has requested additional information from the Developer regarding the qualification of all selected and assigned Community Builders. Phase 1 Community Builders were qualified through a competitive process in 2004 and 2005. OCII has no record of Al Norman Development being qualified as a Phase 1 Community Builder under the process set forth in the Phase 1 Disposition and Development Agreement.

**Next Steps**
- Developer will provide OCII any documentation regarding the qualification and selection of Al Norman Development as a Community Builder on Block 52 – including copies of the Fee Developer Agreements for Al Norman Development and Marinship regarding the eligibility and qualifications of each community builder by the end of the for the first quarter of 2017.
4) **Job Training and Employee Assistance Program**

**Requirement**
Under the Phase 1 CBA, the Developer must contribute $225,000 per year to fund community based organizations ("CBOs") that provide job training services.

**Status**
In 2015, OCII found that the Developer was not in compliance with this requirement and identified a $410,000 shortfall; the total prior years' shortfall as of the date of this letter. In 2015, the Phase 1 Developer committed to accelerating payments through 2018 to address the shortfall.

In the first three quarters of 2016, the Phase 1 Developer has spent approximately $83,332 of the $225,000 annual obligation. No funds have been expended to address the prior years' shortfall. The Developer has submitted a plan to OCII to accelerate $460,000 in spending over the next 2 years. If Developer does not expend additional job training funds for 2016, the total shortfall, including previous years, will be $551,668.

**Next Steps**
- Developer will immediately provide OCII staff transaction reports or documentation as appropriate demonstrating payment(s) to CBOs during Quarter 3 were provided.
- Developer will immediately provide OCII with documentation that CBOs were selected in accordance with the competitive process outlined in the Phase 1 CBA.
- Developer's 2016 Quarter 4 Report will provide additional details on the acceleration of payments to address the $410,000 prior years' shortfall including information on: the schedule for issuance of RFPs for BVHP area job training organizations; which training areas are being targeted; and any 2016 shortfall.

5) **Community Benefits Status Reports**

**Requirement**
Under the Phase 1 CBA, the Developer is required to provide a quarterly written status report to the OCII Commission. Additionally, Developer is required to make a Status Report presentation to the Hunters Point Shipyard Citizens Advisory Committee ("CAC").

**Status**
The Quarter 1 Report was presented to the CAC on April 11, 2016. Quarter 2 has not been presented to the CAC. A reissued, combined, Quarter 1 and Quarter 2 report and supporting documentation was provided to OCII staff on September 23, 2016 and presented to the OCII Commission on October 18, 2016. The Master Developer submitted a Quarter 3 written status report to OCII on November 1, 2016. The report was transmitted to the OCII Commission with materials for the December 20, 2016 meeting.

**Next Steps**
- The Developer will prepare and deliver a presentation on the Status Report for 2016 Quarters 2 and 3 to the CAC at the next regularly scheduled full committee meeting.
A full accounting for each of the Developer’s obligations is attached hereto. I look forward to addressing these outstanding issues. If you have any questions regarding these findings, please contact Kasheica McKinney at kasheica.mckinney@sfgov.org or (415) 749-2422.

Sincerely,

[Signature]

Renaissance Contractors Report
July 2016

Summary
This month we continued to work with the Protégés to build their business capacities, providing mentorship, technical assistance & administrative support. In addition, we were able to provide additional opportunities for the protégés to secure contracts through our referrals and our work on the Third Street Corridor, where we assess vacant commercial properties and provide tenant improvement estimates. We also held our monthly contractors meeting, which focused on how to improve the program. The protégés provided important information that will be implemented this quarter.

Lastly, Program Graduate, Clifton Burch, Empire Engineering & Construction, was appointed by Mayor Ed Lee to serve on the Local Business Enterprise Advisory Committee, joining former protégé, Juliana Sommer, Priority Graphics.

Renaissance Contractors Report
August 2016

Summary
This month the protégés worked on creating goals and objectives for the upcoming year (FY). Rose Toney helped to facilitate this process while also connecting the protégés to a construction opportunity on Third St. (Bishop Burgers). The protégés also attended several networking events including, San Francisco International Airport (SFO) Stakeholder meeting, Pankow Builders to Builders and the Chief Medical Examiner Topping Out Ceremony.

Lastly, Renaissance Contractor, Yolanda Jones, won Lebron James' pitch contest (#pitchlebroncontest) for small businesses in which the basketball star publicly endorsed Yolanda and YCAT-C via social media.

Mentorship & Technical Assistance

1. **Alfredo Andrade, AA Pacific Builders** (Mentor - Clark Construction). Unable to reach for reporting.

2. **Carnel Gabourel, Light Frame Construction**, (Mentor - Gary Fetke, Roberts Obayashi). Started new project at Whittier School in Oakland. Was unable to meet with Mentor this month.

3. **Cornell Miller and Ken Carbin, CK Interiors**, (Mentor - Clark Construction). Met with Mentor at Clark Construction, attended Chief Medical Examiner Office networking event and monthly contractors meeting.

4. **James Mabrey, Your All Day Everyday Janitorial Service**, (Mentor - Nibbi Brothers). James received administrative support from Kelle McMahon to help prepare a bid for DPW's – as needed cleaning project, which he won. This is the largest contract to-date for YADEDJS. He also attended the SFO Stakeholder Meeting, Pankow Builders to Builders and met with his Mentor to discuss the DPW proposal.

5. **James Richards, Southeast Electrical**, (Mentor - George Briar, Briar Electric). Unable to reach for reporting.
6. **Kevin Walton, Special K Painting** (Mentor – Alphonso Rhodes, AJS Painting & Decorating). Received mentorship from Muhammad Al Kareem and attended monthly contractors meeting.

7. **Ray Horne, R&I Glassworks**, (Mentor - Bob Nibbi, Nibbi Brothers). Completed project at SFO and was lowest bidder on Bart Project. Met with Mentor this month to resolve issues with SFO project (issues were successfully resolved).

8. **Wil Carney, Carney’s Plastering**, (Potential Mentor – Cahill Contractors). Attended Contractors Meeting and received technical assistance regarding new contract from Kelle McMahon.

Cahill Contractors, Austin-Webcor
Renaissance Contractors Report
September 2016

Summary
This month we continued to identify new opportunities for the protégés to grow their businesses, including, Sam Jordan’s residential renovation project, Minor Façade Improvement Program, Dr. George W. Davis Multipurpose Senior Center, Recology, Bishop Burgers (newly proposed), 5030 Third St. and 6th St. Café.

These smaller projects have been beneficial in helping several of the protégés to build their capacities to work on larger projects. In addition, the protégés continued to meet with their mentors, establish networks and grow their companies.

Mentorship & Technical Assistance

1. Alfredo Andrade, AA Pacific Builders (Mentor - Clark Construction). Alfredo has experienced personal issues that have prevented him from fully participating in the program. He is currently working on a SFMTA project with Muni and received a new residential renovation project in San Mateo. He has informed his Mentor about his personal situation. Received administrative support from Kelle McMahon, who reviewed change orders for SFMTA project.

2. Carnel Gabourel, Light Frame Construction, (Mentor - Gary Fetke, Roberts Obayashi). Met with his mentor at Obayashi this month to discuss potential projects. Also provided estimate (paid) for potential project at 5030 Third St. Hired 6 workers for Whittier Project.

3. Cornell Miller and Ken Carbin, CK Interiors, (Mentor - Clark Construction). Met with Mentor at Clark Construction to discuss participation in the Clark Strategic Partnership Program. Received technical assistance from financial consultant Dorenda Haynes, who assisted in preparing profit & loss statement for tax returns.
4. James Mabrey, Your All Day Everyday Janitorial Service, (Mentor - Nibbi Brothers). Met with mentor, Tom Giarrusso with Nibbi to discuss growth strategies. Also met with Kelle McMahon on several occasions to discuss upcoming contracts, invoicing and data processing.

5. James Richards, Southeast Electrical, (Mentor - George Briar, Briar Electric). Met with Mentor to discuss work on existing project with Briar Electric. Working with staff to resolve issues with previous tax filing to receive LBE Certification. Met with Kelle McMahon to discuss payroll and received administrative support from Kimberlie Hanley, who input certified payroll into Elations.

6. Kevin Walton, Special K Painting (Mentor - Alphonso Rhodes, AJS Painting & Decorating; Muhammad Al Kareem). Continuing to receive mentorship from Muhammad Al Kareem on bidding and estimating. Received administrative support from Kelle McMahon, including bid preparation, proposals and invoicing.

7. Randy Gatewood, GW Engineering & Construction, (Mentor - Clark Wells, California Engineering Contractors). Randy met with his Mentor this month to discuss several projects that he has completed over the last several months.

8. Ray Horne, R&I Glassworks, (Mentor - Bob Nibbi, Nibbi Brothers). Met with Mentor, Bob Nibbi to discuss expansion strategy. Completed glass installation at Gratta Wines through Minor Façade Improvement Program. Received administrative assistance from Kelle McMahon, including administrative close-out of SFO project.

9. Samuel R Jackson, SRJ Drywall, (Does not currently have a Mentor). Recently reinstated into the program.

10. Wil Carney, Carney’s Plastering, (Potential Mentor – Cahill Contractors). Working on securing mentor with Cahill Contractors. Provided estimate for residential renovation project at Sam Jordan’s. Received consultation from Kelle McMahon and Center Director to resolve issues regarding Cahill Contract and Union lien.

Group Projects
Monthly Contractors Meeting, 9/29; Graduate, Clifton Burch was guest speaker to discuss his role as member of the Local Business Entity (LBE) Advisory Committee.

Mentor Outreach
Renaissance Consultant, Rose Toney, established relationships with Michelle Nolan, Webcor Builders and will coordinate a meet & greet with Webcor and SFO early next year. We also have continued to build relationships with Cahill, Herrero and Turner Construction.
JOB TRAINING/DEVELOPMENT
COMMUNITY BENEFITS PROGRAM
QUARTERLY REPORT

ORGANIZATION: Renaissance Bayview

PERSON COMPLETING THIS REPORT: Marcus J. Tartt, Center Director

DIRECT PHONE NUMBER: (415) 430-6403

SIGNATURE OF PERSON COMPLETING THIS REPORT: 

PROJECT DESCRIPTION - EXPLAIN THE ENHANCED SERVICES/ACTIVITIES YOU PROVIDED OR IMPLEMENTED (SCOPE OF WORK) THIS REPORTING PERIOD?

During the 3rd Quarter of 2016 the protégés continued to receive mentorship from Prime Contractors, including Nibbi, Robert’s Obayashi and Clark Construction among others. They also received administrative support from Renaissance Consultants Kelle McMahon, Kimberlie Hanley and Candice Bell. In addition, we continued to find new opportunities for the protégés to grow their companies by working on projects along the 3rd Street Corridor, including Gratta Wines and 5030 Third St. (formerly Boudreaux’s Café). Other potential projects include Sam Jordan’s, Bishop Burger’s (proposed project) and Dr. George W. Davis multipurpose Senior Center.

Kelle McMahon helped the protégés identify opportunities that best suit their capabilities. Kelle was able to assist James Mabrey in winning a contract with the City of San Francisco, his largest contract to date.

PLEASE DESCRIBE THE POPULATION YOU SERVED - INCLUDE AS MUCH DEMOGRAPHIC INFORMATION AS POSSIBLE i.e. gender, age, zip codes, ethnicity, household income, etc?

Nearly ninety percent (90%) of our clients are African American men of which sixty percent (60%) are low-moderate income and twenty percent (20%) are extremely low-income. All of our clients either live or operate their businesses in District-10.

WHAT WERE THE IMPACTS (POSITIVE OUTCOMES) OF YOUR PROGRAM SERVICES ON THE POPULATION YOU SERVED THIS REPORTING PERIOD?

During the 3rd Quarter of 2016, the protégés collectively were awarded more than $700,000 in new contracts. In addition, Graduates Clifton Burch, Empire Engineering & Construction and Yolanda Jones, Yolanda’s Construction Administration and Traffic Control received special recognition. Clifton Burch was appointed by
Mayor Ed Lee to serve on the Local Business Entity (LBE) Advisory Committee and Yolanda Jones received national recognition for winning the Lebron James Small Business Pitch contest.

**WHAT IF ANY CHALLENGES DID YOU EXPERIENCE IMPLEMENTING YOUR SCOPE OF WORK?**

Many of the protégés still struggle with finding consistent work in the city due to the magnitude (size/scope) of available opportunities. As a result, they have been forced to look for work outside of the city.

**HOW HAVE YOU ADDRESSED THOSE CHALLENGES?**

We have identified opportunities within the community through the Minor Façade Improvement program and our relationships with community stakeholders and businesses on the 3rd Street Corridor. In addition, we have continued to strengthen our relationships with Developers and Primes that are committed to working with the protégés.

**PLEASE SHARE ONE THING YOUR ORGANIZATION IS PROUD OF THIS REPORTING PERIOD?**

We are proud of our graduates, who support the protégés, aspiring entrepreneurs and small businesses in the community. Our graduates volunteer their time, serve as mentors, share resources and provide opportunities to others.

**PLEASE DESCRIBE YOUR ACTIVITY / IMPLEMENTATION PLAN FOR THE NEXT REPORTING PERIOD?**

During the next reporting period, we will continue to work with the protégés to identify opportunities that best suit their capacities. In addition, we will continue to provide administrative support, mentorship, peer support and networking opportunities to help them grow their businesses in a sustainable manner.

**HOW HAS YOUR WORK MADE AN IMPACT IN DISTRICT 10?**

Our program has enabled many residents in district 10 to secure gainful employment. Through the small businesses that we serve, including those in the construction industry, we have indirectly helped to create hundreds of jobs within the community, mostly for residents of District 10.
CAP MONTHLY REPORT

July 2016

Construction Assistance Program  
690 Hudson Avenue, Trailer B  
San Francisco, CA 94124
Monthly Service for HPS Construction Assistance Program Office

The HPS Construction Assistance Program (CAP) Office provided services for 7 contractors (24 multiple drop-in visits and 2 new contractors) in July 2016. Services provided; One on One meetings, emails, phone calls, business development workshops. Areas of interest included: new project plan drawings, digital takeoff and bid estimating software support / assistance, email-blast notification of Pre-Bid Conference, the release of new project plan drawings, specifications, and addendums. Provide Business Financial Assistance and MLP loans information, email notification of new Business Development events and other business related services.

The following Contractors visited the Construction Assistance Program site office:

- (3) meetings with Stanley Copper of Cooper Construction for technical assistance with the Digital Takeoff & estimating software in plan room.
- Met with Al Norman of Al Norman Mechanical for financial resources.
- (6) visits from Greg Butler and staff of Carter’s Const. for technical assistance with copier, fax and documents downloads.
- (9) meetings with Wil Carney of Carney’s Plastering to give technical assistance with reviewing contract and bid proposal for Block 56.
- (4) office visits from B. Carson of Carter’s Construction for computer use.
- Met with Vernon Washington of Coast to Coast Drywall to discuss how his firm can bid on work at the Shipyard.
- Met with Bruce Giron of GECMS to discuss new upcoming projects.

The numbers in (1) indicate those Contractors, who visited the CAP office multiple times for assistance in the month of July 2016. (*) indicate the intake of two new Contractors (Coast to Coast Drywall and Cooper Construction) this month.
Construction Assistance Program Provided the Following Services:
Bid Assistance/Outreach/Financial & Technical Assistance/Project Status

Bid Assistance/Outreach

RFP, PRE-BID Notification, and Business Development Activities Outreach services provided to Local SBE Contractors and Suppliers

The Construction Assistance Program Office (CAP) continues to maintain an on-site plan room with current project plan drawings and specification manuals by providing both digital plan files and hard copies plan drawings. The CAP office will continue to send e-mail blasts to the impacted area contractors, suppliers, and vendors regarding upcoming Lennar Urban /BVHP Shipyard RFP’s that are posted on the City’s Bid and Contracts website for bidding opportunities. CAP provides LBE/DBE/SBE Certification information for local contractors to become certify with the City or State; Business Development Assistance with Surety-Bonding and Financial Assistance, and provide continuing education workshops and financial resources/or referrals to local Small Business Enterprise (SBE) contractors when needed. The CAP office continues to ask Developers, General Contractors/Estimators on other City projects to provide the CAP’s office plan room, access to their project’s plan drawings and specifications for posting to provide local SBE community contractors an opportunity to review and submit a bid proposal for those projects. The CAP office will follow up with outreach to local SBE contractors in the 94107, 94124, & 94134 zip code areas by sending an email blast of the Invitation to Bid, RFP or RFQ, Pre-Bid meeting’s date & time and Bid Due date for those projects. The additional effort increases the local SBE contractors bidding opportunities outside of their community comfort zone, and the CP/HP Shipyard arena.
FINANCIAL & TECHNICAL ASSISTANCE ACTIVITIES

CAP Office Activity

The CAP office continues the effort to set up “One-On-One” meetings between Prime Contractors and Large Infrastructure/Engineering contractors with local SBE contractors. The meetings help to create opportunities for bidding partnerships. Typically, before a bid is awarded, the CAP office encourage larger contracting firms bidding on Candlestick Point and Hunters Point Shipyard projects to reach out to our pool of local SBE contractors to include them as part of their bid proposal team. At the very least, we try to get the large contractors to include local SBE contractors as second tier subcontractors and/or suppliers in their bid as part of their local SBE “Good Faith Effort” participation.

CAP will continue to meet with local contractors who have visited the CAP office for assistance to review their company’s business plan and assess if their company has the capacity to handle a project at this current time. If they are not ready or do not have the capital/finances in place to get started, CAP will sit down with that contractor to put a business plan in place to get his/her firms in a position to bid, win a contract, and successfully completing the project while making a profit.

CAP’s team member Nor-Cal FDC provides an assessment of local SBE contractor’s capital needs and provides financial assistance to currently awarded SBE contractors on site, by providing access to a Mobilization Loan Program (MLP) funding with a maximize loan amount not to exceed $50,000. The first round of funding totaling $250,000 was granted by the Community Benefits Program (IC Fund). To date a total of $283,000 in loans were provided to local SBE contractors with contracts on Hilltop - Phase 1 projects and Commercial Kitchen Replacement - Phase 2 project.

Technical Assistance Meetings with Contractors

7/1/16 Meeting with Wil Carney of Carney’s Plastering to review his contract and bid proposal to Cahill for Plastering contract on Block 56-57, Buildings 4.

7/12/16 Met with Stanley Cooper of Cooper Construction to continue to give technical assistance with using the Digital Takeoff and estimating software application to prepare bid proposals.

7/14/16 Continue weekly meeting with Bruce Giron of GECMS to discuss what new projects are coming up in the next few months. Wants to set up a meeting and talk next week.

7/26/16 Met with Vernon Washington of Coast to Coast Drywall to discuss how his firm can bid on the drywall packages at the Shipyard and Candlestick Point projects. Will introduce him to Arash Baradaran of Cahill Contractors to see if they have any small rehab projects that Mr. Washington could bid.

7/28/16 Met with Al Norman of Al Norman Mechanical to discuss financial resources.
Workshops
No workshops were given for the month of July 2016.

Events (Monthly CAC Sub-Committee Meeting)
July 28, 2016, CAP staff attended the monthly CAC meeting. We presented a 6-month update about the CAP’s achievements and progress. The meeting was held at the Frog Building located at the Hunter’s Point Shipyard. There was a great turn-out for this meeting. We presented our 6-month update PowerPoint presentation to the committee and guest. The committee and guest were pleased with our progress. The committee requested that we present a full report to the CAC Committee on their next monthly meeting.

CAP will continue to provide estimating, project management and business development workshops to enhance local contractor’s skills on how to submit a competitive bid. CAP staff will continue to outreach to the contractors to encourage them to use the CAP’s office Digital Takeoff and Bid Builders estimating software applications to prepare their bids proposals, and Lennar Urban kindly provided Microsoft Project software to the CAP office systems which will allow contractors to create their construction project schedules. This should help them sharpen their pencils to produce a successful bid proposal and a profit.
PROJECT STATUS

Block 49 Activity
The project is completed. AMCO/YCD a third party developer is completing the application process for the 60 low-income rental units.

Blocks 51 Activity
Block 51 is completed.

Blocks 53-54 Activity
Blocks 53 & 54 is progressing same as last month: Alex Jones of Three Brothers Electric, a (Local SBE) is completing the final punch list of installation of the electrical on Block 53. Al Norman Mechanical, a (Local SBE) is completing the final punch list of installation of the plumbing on Block 54.

Block 52 Activity
HPS Block 52, Building 5, is a five-story type-VA (Wood Frame) structure of 38 residential units, over a type 1A garage podium. Block 52, along with Buildings 3 and 4, has been placed on hold.

Block 55 West & East Activity
Hunter’s Point Shipyard - Blocks 55E and 55W is a Build Group Project. The Project will be of Type VB construction, and consists of sixty-six (66) each, 3-story, wood framed dwelling units with roof decks and slab on grade. Each of the 66 units is a standalone residential unit with its own entrance and private garage. The 66 units are organized into seven (7) Clusters or Buildings. There are no interior or exterior common use spaces located on site. All spaces are private use and function similar to single family living unit. Each individual building will be permitted separately. Construction is anticipated to begin roughly around September 2016, and be completed in 14 months.
Block 56 & 57 Activity
This project includes the construction of 98 market rate residential condominiums (flats and two-story townhouses) consisting of four separate buildings. Cahill Contractors is the Prime Contractor. Both buildings are completed with rough framing. The electrical and plumbing have started, drywall and plastering are underway. Buildings 1 & 2 on Block 57 B started excavation and grading.

Hilltop Pocket Park 15 & 16 Activity
Pocket Parks 15 and 16 are complete.

Hilltop Regional Park Activity
Anvil Builders (Local SBE) have completed the construction of Hilltop Regional Park located on the East side of Hilltop Phase 1 development between Block 56, Building 4 and Block 57 A, Building 3. Azul Works, (Local SBE) was a subcontractor to Anvil Builders. The “Overlook” concrete platform and pathway entrance are in front Block 57 A in the Innes Court Park and playground area. The “Overlook Platform” gives you a great view of the east bay and the rest of the Shipyard site.

Hilltop Streetscape Activity
The activities for this project is covered in the CAP 2/TAP Monthly report for July 2016, due to the trucking off-haul service activities. Please review CAP 2/TAP July 2016 Monthly report.

The Construction Assistance Program’s Office was open in August 2013, currently now in the first month of year 4 of operation. This report covers 31 days in the month of July 2016.

San Francisco, CA 94124
The HPS Construction Assistance Program (CAP) Office provided services for 11 contractors that made multiple drop-in visits, totaling 21 return visits in the month of August, 2016 (see below). One new contracting firm visited the Shipyard project for the first time. Services provided included: One-on-One meetings, emails, phone calls, business development workshops. Areas of interest included: new project plan drawings, digital takeoff and bid estimating software support / assistance, email-blast notification of Pre-Bid Conference, the release of new project plan drawings, specifications, and addendums. Provide Business Financial Assistance and MLP loans information, email notification of new Business Development events and other business related services.

The following Contractors visited the Construction Assistance Program site office:

- (6) Meetings with Wil Carney of Carney's Plastering to give technical assistance with reviewing contract and financial assistant for Block 56.
- Met with Tiffani Elliott of Pure Admiration Painting to review paperwork for company branding.
- Met with Willie McGary of Hercules Builders to outreach to Suffolk Construction for framing contracts on Block 48 - Phase 2.
- (2) Met with Al Norman of Al Norman Mechanical for financial resources, set up a meeting with Bobby Jones of Jones Consulting for assistant.
- (2) Visits from Greg Butler and staff of Carter's Const. for technical assistance with copier, fax and documents downloads.
- Met with Rob Lonndum of FivePoint to give an overview of CAP.
- (2) Meetings with Roc Robinson of Diamond Roc, Inc. to discuss the use of the Bid Builders 15 estimating software to prepare bid proposals.
- (4) Office visits from B. Carson of Carter's Construction for computer use.
- Met with Bruce Giron of GECMS weekly to discuss new upcoming projects for his firm to bid.
- (*) Met with Trevor Long / Luis Cuestes of Custom Engineered Openings to discuss how their SBE firm can bid on Shipyard projects.
- Met with Nick Colina of Anco Iron to discuss the bid status of his last two bid proposals with Suffolk on Block 48 and BuildGroup on Block 55.

The numbers in (1) indicate those Contractors, who visited the CAP office multiple times for assistance in the month of August 2016. (*) indicate the intake of one new Contractors (Custom Engineered Openings) this month.
Construction Assistance Program Provided the Following Services:
Bid Assistance/Outreach/Financial & Technical Assistance/Project Status

Bid Assistance/Outreach

RFP, PRE-BID Notification and Business Development Activities Outreach services provided to Local SBE Contractors and Suppliers

The Construction Assistance Program Office (CAP) continues to maintain an on-site plan room with current project plan drawings and specification manuals by providing both digital plan files and hard copy plan drawings. The CAP office will continue to send e-mail blasts to the impacted area contractors, suppliers, and vendors regarding upcoming Lennar Urban /BVHP Shipyard RFP's that are posted on the City's Bid and Contracts website for bidding opportunities. CAP provides LBE/DBE/SBE Certification information for local contractors to become certified with the City or State; Business Development Assistance with Surety-Bonding and Financial Assistance, and provide continuing education workshops and financial resources/or referrals to local Small Business Enterprise (SBE) contractors when needed. The CAP office continues to ask Developers, General Contractors/Estimators on other City projects to provide the CAP's office plan room, access to their project's plan drawings and specifications for posting to provide local SBE community contractors an opportunity to review and submit a bid proposal for those projects. The CAP office will follow up with outreach to local SBE contractors in the 94107, 94124, & 94134 zip code areas by sending an email blast of the Invitation to Bid, RFP or RFQ, Pre-Bid meeting's date & time and Bid Due date for those projects. The additional effort increases the local LBE/SBE contractors bidding opportunities outside of their community comfort zone, and the CP/HP Shipyard arena.
FINANCIAL & TECHNICAL ASSISTANCE ACTIVITIES

CAP Office Activity

The CAP office continues our efforts to set up “One-On-One” meetings between Prime Contractors or Large Infrastructure/Engineering contractors with local LBE/SBE contractors. These meetings help create opportunities for bidding partnerships. Typically, before a bid is awarded, the CAP office encourage larger contracting firms bidding on Candlestick Point and Hunters Point Shipyard projects to reach out to our pool of LBE/SBE contractors to include them as part of their bid proposal team. We encourage large contractors to include LBE/SBE contractors as second tier subcontractors and/or suppliers in their bid as part of their LBE/SBE “Good Faith Effort” participation.

CAP will continue to meet with local contractors who visited the CAP office for assistance, to review their company's business plan and assess whether the company has capacity to handle a project at this current time. If they are not ready or do not have the capital/finances in place to get started, CAP will work to develop a business plan with the contractor to help elevate the firm’s ability to bid, win and successfully completing contracts while making a profit.

CAP’s team member Nor-Cal FDC provides an assessment of LBE/SBE contractor capital needs and provides financial assistance to currently awarded LBE/SBE contractors on site. They also provide access to a Mobilization Loan Program (MLP) fund with a maximize loan amount not to exceed $50,000. The Community Benefits Program (IC Fund) granted the first round of funding totaling $250,000. To date a total of $283,000 in loans have been provided to local SBE contractors with contracts on Hilltop - Phase 1 projects and Commercial Kitchen Replacement - Phase 2 project.

Technical Assistance Meetings with New Contractors

8/16/16 Met with Trevor Long / Luis Cuestes of Custom Engineered Openings to discuss how their SBE firm can bid on Shipyard projects.

Technical Assistance Meetings with LBE/SBE Contractors

8/30/16 Met with Clark Construction about the CAP program and they offer three training slots for local LBE/SBE working on Shipyard projects to sign up for their Contractor’s support training program to enhance their business development. The program is for six weeks. There will be four local contractors attending. Bruce Giron of GCEMS, James Mabrey of YADEJS, Tiffani Elliott of Pure Admiration Painting and sent an invite to CK Interiors to sign up. GCEMS and YADEJS currently have contracts on the Hilltop project, Phase 1. Classes start in September 2016.
CAP hosted a “CAP 2016 Orientation” on August 4, 2016, from 4:30am-6:30pm at our CAP main office; Project Manager (PM) Sid Martin presented this orientation with Project Administrator (PA) Jamilla Butler. Sr. PM Martin gave an hour-long overview of the Construction Assistance Program, services available, technology partnership resources and workshops offered. Sr. PM Martin walked the contractors through a detailed outline on how too effective the use of the Construction Assistance Program. The way Mr. Martin structured the orientation made it easy for the contractors to stay involved, and engaged. We served continental breakfast and eight new contractors attended. Mr. Martin received great feedback for his course presentation and efficacy.

We had to reschedule this workshop due to location change, instructor and availability.

Events
No events for the month of August 2016.

CAP will continue to provide estimating, project management and business development workshops to enhance local contractor's skills on how to submit a competitive bid. CAP's staff will continue to outreach to contractors to encourage them to use the CAP's office Digital Takeoff and Bid Builders estimating software applications to prepare their bids proposals. Lennar Urban kindly provided Microsoft Project software to be installed the CAP office systems, which will allow contractors to create their construction project schedules when needed. This is another tool that should help them sharpen their pencils to produce a successful bid proposal and make a profit.

PROJECT STATUS

Block 48 Activity
Building C will be 2-story of Type VA construction over a concrete podium garage, with a landscaped roof deck. Building N1 will be 3-story of Type VA construction over a concrete podium garage. Buildings N2 and P will be entirely wood framed, consisting of 2-story townhomes over shared or private garages. There a total of 86 condominium dwelling units, with a landscaped courtyard between Blocks N1 and N2 and a landscaped driveway at Block P. Schedule to start construction in the October.

Block 49 Activity
The project is completed.

Blocks 51 Activity
Block 51 is completed.

Blocks 53-54 Activity
Blocks 53 & 54 is progressing. Alex Jones of Three Brothers Electric, a (Local SBE) is completing the final punch list for installation of the electrical on Block 53. Al Norman Mechanical, a (Local SBE) is completing the final punch list for installation of the plumbing on Block 54.

Block 52 Activity
HPS Block 52, Building 5, is a five-story type-VA (Wood Frame) structure of 38 residential units, over a type 1A garage podium. Block 52, building 3, 4 and 5 were placed on hold.

Block 55 West & East Activity
Hunter’s Point Shipyard - Blocks 55E and 55W is a Build Group Project. The Project will be of Type VB construction, and consists of sixty-six (66) each, 3-story, wood framed dwelling units with roof decks and slab on grade. Each of the 66 units is a standalone residential unit with its own entrance and private garage. The 66 units are organized into seven (7) Clusters or Buildings. Each individual building will be permitted separately. Construction is anticipated to begin roughly around September 2016, and be completed in 14 months.
Block 56 & 57 Activity

This project includes the construction of 98 market rate residential condominiums (flats and two-story townhouses) consisting of four separate buildings. Cahill Contractors is the Prime Contractor. Both buildings are completed with rough framing. The electrical and plumbing has started, drywall and plastering is underway. Buildings 1 & 2 on Block 57 B started construction and are currently building the garage levels on both buildings.

PROJECT STATUS continue,

Hilltop Pocket Park 15 & 16 Activity
Pocket Parks 15 and 16 are complete.

Hilltop Regional Park Activity
Anvil Builders (Local SBE) have completed the construction of Hilltop Regional Park located on the East side of Hilltop Phase 1 development between Block 56, Building 4 and Block 57 A, Building 3. Azul Works, (Local SBE) was a subcontractor to Anvil Builders. The “Overlook” concrete platform and pathway entrance are in front Block 57 A in the Innes Court Park and playground area. The “Overlook Platform” gives you a great view of the East Bay and the rest of the Shipyard site.

Hilltop Streetscape Activity
The activities for this project is covered in the CAP 2/TAP Monthly report for August 2016, due to the trucking off-haul service activities. Please review CAP 2/TAP August 2016 Monthly report.

Block 48 – Hillside Development

The Construction Assistance Program’s Office was open in August 2013, currently now in the second month of 2016-2017 contract year. This report covers 31 days in the month of August 2016.

Monthly Service for HPS Construction Assistance Program Office

The HPS Construction Assistance Program (CAP) Office provided services for 12 contractors of which four made multiple drop-in visits, totaling 17 office visits in the month of September 2016 (see below). Three of the 12 contractors were new visitors to the Shipyard project for the first time. Services provided included: One-on-One meetings, emails, phone calls, business development workshops. Areas of interest included: new project plan drawings, digital takeoff and bid estimating software support / assistance, email-blast notification of Pre-Bid Conference, the release of new project plan drawings, specifications and addendums. We provided Business Financial Assistance and MLP loans information, email notification of new Business Development events and other business related services.

The following Contractors visited the Construction Assistance Program site office:

- Met with Alex Jones of Three Brothers Electric to provide project update.
- (2) Office visits from B. Carson of Carter's Construction for computer and fax use.
- Met with Bruce Giron of GECMS weekly to discuss new upcoming projects for his firm to bid.
- (2) Met with Al Norman of Al Norman Mechanical for financial resources and follow-up with Bobby Jones of Jones Consulting for assistant.
- (*) Met with Chester Billinger of Billinger Painting to give an overview of CAP and a project update.
- (2) Meetings with Ron Davis of Concrete Landscape Services to discuss how to use Bid Builders 15 estimating software to prepare bid proposals.
- (*) Met with Angel Lomeli of Angel's Trucking to discuss how his trucks can be used to provide off-haul services on Shipyard projects.
- (4) Meetings with Wil Carney of Carney's Plastering to give technical assistance with reviewing contract and financial assistant for Block 56.
- Met with Eric Jones of On the Level Concrete to review plans for Block 56/57 site concrete and order a new set of plans from Cahill Contractors.
- Nehemiah Brown of Precision Drywall to provide a project update.
- Met with Ken Carbin and Cornell Miller of CK Interiors to discuss upcoming projects and results of Block 56/57 and Block 55.

The numbers in ( ) indicate those Contractors, who visited the CAP office multiple times for assistance in the month of September 2016. (*) indicate the intake of three new Contractors (Billinger’s Painting, Concrete Landscape Services and Angel’s Trucking) this month.
Construction Assistance Program Provided the Following Services:
Bid Assistance/Outreach/Financial & Technical Assistance/Project Status

Bid Assistance/Outreach
RFP, PRE-BID Notification and Business Development Activities Outreach services provided to Local SBE Contractors and Suppliers

The Construction Assistance Program Office (CAP) continues to maintain an on-site plan room with current project plan drawings and specification manuals by providing both digital plan files and hard copy plan drawings. The CAP office will continue to send e-mail blasts to the impacted area contractors, suppliers, and vendors regarding upcoming FivePoint /BVHP Shipyard RFP’s that are posted on the City's Bid and Contracts website for bidding opportunities. CAP provides LBE/DBE/SBE Certification information for local contractors to become certified with the City or State; Business Development Assistance with Surety-Bonding and Financial Assistance, and provide continuing education workshops and financial resources/or referrals to local Small Business Enterprise (SBE) contractors when needed. The CAP office continues to ask Developers, General Contractors/Estimators on other City projects to provide the CAP’s office plan room, access to their project’s plan drawings and specifications for posting to provide local SBE community contractors an opportunity to review and submit a bid proposal for those projects. The CAP office will follow up with outreach to local SBE contractors in the 94107, 94124, & 94134 zip code areas by sending an email blast of the Invitation to Bid, RFP or RFQ, Pre-Bid meeting’s date & time and Bid Due date for those projects. The additional effort increases the local LBE/SBE contractors bidding opportunities outside of their community comfort zone, and the CP/HP Shipyard arena.
FINANCIAL & TECHNICAL ASSISTANCE ACTIVITIES

CAP Office Activity

The CAP office continues its efforts to set up “One-On-One” meetings between Prime Contractors or Large Infrastructure/Engineering contractors with local LBE/SBE contractors. These meetings help create opportunities for bidding partnerships. Typically, before a bid is awarded, the CAP office encourages larger contracting firms bidding on Candlestick Point and Hunters Point Shipyards projects to reach out to their pool of LBE/SBE contractors to include them as part of their bid proposal team. We encourage large contractors to include LBE/SBE contractors as second tier subcontractors and/or suppliers in their bid as part of their LBE/SBE “Good Faith Effort” participation.

CAP will continue to meet with local contractors who visited the CAP office for assistance, to review their company’s business plan and assess whether the company has the capacity to handle a project at this current time. If they are not ready or do not have the capital/finances in place to get started, CAP will work to develop a business plan with the contractor to help elevate the firm’s ability to bid, win and successfully completing contracts while making a profit.

CAP team member, Nor-Cal FDC, provides an assessment of LBE/SBE contractor capital needs and provides financial assistance to currently awarded LBE/SBE contractors on site. They also provide access to a Mobilization Loan Program (MLP) fund with a maximum loan amount not to exceed $50,000. The Community Benefits Program (IC Fund) granted the first round of funding totaling $250,000. To date a total of $283,000 in loans have been provided to local SBE contractors with contracts on Hilltop - Phase 1 projects and Commercial Kitchen Replacement - Phase 2 project. There were no new loans this month, several projects are just starting.

Technical Assistance Meetings with New Contractors

9/16/16 Met with Chester Billinger of Billinger’s Painting to give an overview of CAP, a project update and provide technical assistance with Digital Takeoff and Bid Builders 15 software.

9/21/16 Met with Ron Davis of Concrete Landscape Services to discuss how to use Digital Takeoff and Bid Builders 15 estimating software to prepare his firm’s bid proposals. Also needed assistance with how to read public works and county water dept. bid invitations.

9/22/16 Met with Angel Lomeli of Angel’s Trucking to discuss how his fleet of trucks can be used to provide off-haul services on Shipyards projects. Mr. Lomeli just completed his certification with PUC to become a LBE Trucking Contractor on City projects.
Workshops

CAP hosted a “Bid Builders 14 + Digital Takeoff Software Training” workshop on September 17, 2016, and September 24, 2016 from 8:00am-12:00pm at Frog Building located at the Hunter’s Point Shipyard. This was a two-weekend class presented by Project Manager Sid Martin and BE Group President Derf Butler. Mr. Martin gave a 10 course overview of the Digital Takeoff Software and walked the contractors through a detailed outline on efficient and effective use the Digital Takeoff Software. He also starting review of Chapters 1-4 on Bid Builders. The second week Mr. Butler continued by outlining and reviewing Chapters 5-19 of Bid Builders. The course and materials presented by Mr. Martin and Mr. Butler were structured for simple thoughtful engagement of contractors in attendance. The course made it easy for contractors to stay involved and absorbed in the materials. We served both breakfast and lunch to the 8 contractors in attendance. Mr. Martin and Mr. Butler received great feedback for course presentation and efficacy.

CAP hosted a “Contract Review” workshop on September 29, 2016 from 4:30pm-6:30pm at Frog Building located at the Hunter’s Point Shipyard. Freddie Carter presented this workshop from Carter Construction. He gave an overview of Contract Review and walked the contractors through a detailed outline on effective review of their contracts. Mr. Martin and Mr. Butler received great feedback for course presentation and efficacy.

Pre-Bids Conference
No Pre-Bids for the month of September 2016.

CAP will continue to provide estimating, project management and business development workshops to enhance local contractor’s skills on how to submit a competitive bid. CAP’s staff will continue to outreach to contractors to encourage them to use the CAP’s office Digital Takeoff and Bid Builders estimating software applications to prepare their bids proposals. Lennar Urban kindly provided Microsoft Project software to be installed the CAP office systems, which will allow contractors to create their construction project schedules when needed. This is another tool that should help them sharpen their pencils to produce a successful bid proposal and make a profit.
PROJECT STATUS

---

**Block 48 – Hillside Development**
The Construction Assistance Program’s Office was open in August 2013, currently now in the third month of 2016-2017 contract year. This report covers 30 days in the month of September 2016.
CONSTRUCTION ASSISTANCE PROGRAM - 2 (CAP 2)
CANDLESTICK POINT / HUNTERS POINT SHIPYARD PHASE II

Introduction

The Construction Assistance Program - 2 (CAP 2) is a community benefit negotiated by Lennar Urban and the Bayview/Hunters Point (BVHP) Community. Lennar Urban is the developer of the Candlestick Point/Hunters Point Shipyard Phase II (CPHPS) Development Projects. The Construction Assistance Program’s main objective is to encourage local SBE/LBE contractors in the Bayview/Hunters Point (BVHP) Community to engage the construction opportunities on the Candlestick Point/Hunters Point Shipyard (CPHPS) Phase II Development Projects.

The following are services provided to SBE/LBE contractors and trucking subcontractors under the CAP 2 Program:

I. Outreach

CAP 2 coordinated and executed all outreach meetings to maximize participation and increase bid opportunities for the impacted local area contractors to perform work on both horizontal and vertical construction projects for CP/HSP Phase II development.

II. Workshops

CAP 2 is committed to keeping the businesses we serve informed, educated, and current on legislation, industry standards and technical software that helps them continue to be competitive and successful.

III. Technical Assistance

The CAP 2 program assists SBE/LBE contractors in the BVHP Community with technical support such as prequalification, construction software technology training, business development training, bid proposal preparation and assistance in securing financing.
IV. TRUCKING ADMINISTRATION PROGRAM

The Trucking Administration Program (TAP) has developed a unique Small Business Trucking Program Management System that culminates in the use of our Trucking Off-Haul Participation Plan and Trucking Compliance Monitoring Program. CAP 2 provides targeted outreach to Bayview/Hunters Point (94124, 94134, and 94107) owner operators and trucking companies to assure that project general contractors put forth a good faith effort to achieve the required participation goal for local subcontractor participation.

All Contractors, Subcontractors and their 2nd tier subcontractors shall use the services of the Trucking Program Administrator to provide the hauling services for this contract.

The Administrator utilized the Trucking Referral Procedures outlined below

1. The Contractor shall request trucking referral services via E-mail, by 1:30 pm, the day before the required time of referral.

2. Once the Administrator receives the E-mailed trucking requisition form from the contractor, he or she will go to the list and call the trucking companies in the following order:

   - Owner Operators in the Bay View/Hunters Point Area
   - Owner Operators in San Francisco
   - Companies with drivers in the Bay View/Hunters Point Area
   - Companies with drivers in San Francisco
   - Companies outside the City and County of San Francisco

3. The Administrator will then provide the contractor/subcontractor with a confirmation E-mail within two hours of receiving the requisition form.
TRUCKING ADMINISTRATION PROGRAM

The Trucking Administration Program (TAP) continues to exceed expectations, meet the demand for quality service and provides professional local SBE trucking services. CAP 2 utilized the TAP program on the following projects:

1. **CP-01 INFRASTRUCTURE**
   Contractors: Ghilotti Brothers Inc. / Anvil Builders Joint Venture

2. **HPS PHASE 1 STREETSCAPE HILLTOP**
   Contractor: GECMS / McGuire and Hester Joint Venture

3. **HPS PHASE 2 COMMERCIAL KITCHEN**
   Contractor: Carter's Construction

4. **CP-02, 03, 04 DEMOLITION, MASS GRADING AND SURCHARGE**
   Contractor: DeSilva Gates Construction

5. **HPS PHASE 2 ARTIST PARCEL INFRASTRUCTURE**
   Contractor: Carter’s Construction

The total trucking participation for all active projects in July 2016 is as follows:

- **BAYVIEW/HUNTERS POINT OWNER OPERATORS** - 0%
- **SAN FRANCISCO OWNER OPERATOR** - 0%
- **BAYVIEW/HUNTERS POINT TRUCKING COMPANIES** - 100%
- **TRUCKING COMPANIES SAN FRANCISCO** - 0%
- **OUTSIDE OWNER OPERATORS & TRUCKING COMPANIES** - 0%

**Total of 9 trucks and 84 Loads**
1. CP-01 INFRASTRUCTURE
Contractors: Ghilotti Brothers Inc. / Anvil Builders Joint Venture

In the month of July 2016, Ghilotti Brothers Inc., as part of a joint venture with Anvil Builders, utilized the services of Eighteen Trucking for the off haul of broken asphalt and dirt from the CP-01 job-site located at Gilman Avenue and Arelius Walker Drive. Ghilotti Brothers Inc. also utilized the services of Eighteen Trucking for the import of aggregate materials from Bay Area quarries onto the CP-01 job-site.

WORKSHOPS AND INFORMATIONAL MEETINGS:
There were no Workshops or Informational Meetings in the month of July 2016.

PRE-BID CONFERENCES
There were no Pre-Bid Conferences in the month of July 2016.

COMMENTS:
The trucking activity on CP/HPS Phase 1 & 2 projects decreased in the month of July 2016 due to the inactivity at the CP – 02, 03, 04 Surcharge job-site. Trucking activity is expected to increase in the coming months due to the expected requirement for trucking off haul on the contract recently awarded to DeSilva Gates Construction / Anvil Builders Joint Venture for the Block 48 Hillside Project.

ISSUES AND CONCERNS:
There were no issues or concerns in the Month of July 2016.
CONSTRUCTION ASSISTANCE PROGRAM - 2 (CAP 2)  
CANDLESTICK POINT / HUNTERS POINT SHIPYARD PHASE II

Introduction

The Construction Assistance Program - 2 (CAP 2) is a community benefit negotiated by Lennar Urban and the Bayview-Hunters Point (BVHP) Community. Lennar Urban is the developer of the Candlestick Point-Hunters Point Shipyard Phase II (CPHPS) Development Projects. The Construction Assistance Program's main objective is to encourage local SBE/LBE contractors in the Bayview-Hunters Point (BVHP) Community to engage the construction opportunities on the Candlestick Point-Hunters Point Shipyard (CPHPS) Phase II Development Projects.

The following are services provided to SBE/LBE contractors and SBE/LBE trucking subcontractors under the CAP 2 Program:

I. Outreach

CAP 2 coordinates and executes all outreach meetings to maximize participation and increase bid opportunities for the impacted local area contractors to perform work on both horizontal and vertical construction projects for CP-HSP Phase II development.

II. Workshops

CAP 2 is committed to keeping the businesses we serve informed, educated, and current on legislation, industry standards and technical software that helps them continue to be competitive and successful.

III. Technical Assistance

The CAP 2 program assists SBE/LBE contractors in the BVHP Community with technical support such as prequalification, construction software technology training, business development training, bid proposal preparation and assistance in securing financing.
IV. TRUCKING ADMINISTRATION PROGRAM

The Trucking Administration Program (TAP) has developed a unique Small Business Trucking Program Management System that culminates in the use of our Trucking Off-Haul Participation Plan and Trucking Compliance Monitoring Program. CAP 2 provides targeted outreach to Bayview/Hunters Point (94124, 94134, and 94107) owner operators and trucking companies to assure that project general contractors put forth a good faith effort to achieve the required participation goal for local subcontractor participation.

All Contractors, Subcontractors and their 2nd tier subcontractors shall use the services of the Trucking Program Administrator to provide the hauling services for this contract.

The Administrator utilized the Trucking Referral Procedures outlined below

1. The Contractor shall request trucking referral services via E-mail, by 1:30 pm, the day before the required time of referral.

2. Once the Administrator receives the E-mailed trucking requisition form from the contractor, he or she will go to the list and call the trucking companies in the following order:

   - Owner Operators in the Bay View/Hunters Point Area
   - Owner Operators in San Francisco
   - Companies with drivers in the Bay View/Hunters Point Area
   - Companies with drivers in San Francisco
   - Companies outside the City and County of San Francisco

3. The Administrator will then provide the contractor/subcontractor with a confirmation E-mail within two hours of receiving the requisition form.
TRUCKING ADMINISTRATION PROGRAM

The Trucking Administration Program (TAP) continues to exceed expectations, meet the demand for quality service and provides professional local SBE trucking services. CAP 2 utilized the TAP program on the following projects:

1. **CP-01 INFRASTRUCTURE**
   Contractors: Ghilotti Brothers Inc. / Anvil Builders Joint Venture

2. **HPS PHASE 1 STREETSCAPE HILLTOP**
   Contractor: GECMS / McGuire and Hester Joint Venture

3. **HPS PHASE 2 COMMERCIAL KITCHEN**
   Contractor: Carter's Construction

4. **CP-02, 03, 04 DEMOLITION, MASS GRADING AND SURCHARGE**
   Contractor: DeSilva Gates Construction

5. **HPS PHASE 2 ARTIST PARCEL INFRASTRUCTURE**
   Contractor: Carter's Construction

The total trucking participation for all active projects in August 2016 is as follows:

- **BAYVIEW/HUNTERS POINT OWNER OPERATORS** - 0%
- **SAN FRANCISCO OWNER OPERATOR** - 0%
- **BAYVIEW/HUNTERS POINT TRUCKING COMPANIES** - 100%
- **TRUCKING COMPANIES SAN FRANCISCO** - 0%
- **OUTSIDE OWNER OPERATORS & TRUCKING COMPANIES** - 0%
