Pocket Park 13: Dining Room
Adrienne Wong Associates
POCKET PARK TYPE: DINING ROOM

Total SF: 2472

A large central table and adjacent spill over seating directs your attention to the spectacular wide views of the bay. A large open space at the entrance of the park provides an area for active play. Two trees situated on each side of the park provide shade and vertical interest while framing the view of the bay. Plants with aromatic, visual and textural interest are selected to engage the senses of the user.

Pocket Park 14: Living Room
Conger Moss Guillard
Pocket Park 14 Type: Living Room

Total SF: 2400 SF

Facing North from Hillpoint, this park plays on the idea of what a living room is. A single seatwall faces towards the street, engaging the sidewalk. All other seating opportunities face outward, toward the view. Intimate ‘couches’ for one to three people sit in a lushly planted groundplane. Paper Bark Birches float through the space providing an overhead canopy.

Key Plan

Legend

Materials

- C.I.P. Concrete Paving: Integral color, sawcut joints, medium sandblast.
- Special Paving
- C.I.P. Concrete Seatwall With Wood Back And Armrests: In locations as shown. 18”H x 2’W. Integral color, light sandblast finish. Provide skate deterrents.
- C.I.P. Concrete ‘Sofa’ With Wood Seat: In locations as shown. 18”H x 2’W. Integral color, light sandblast finish.
- Trash and Recycling Bins: In locations as shown.
- Pedestrian Light: In locations as shown.
- Easement: 30’L x 10’W. In locations as shown.

- C.I.P. Concrete Paving Stabilized Crushed Stone Paving
- C.I.P. Concrete Seatwall with Back
- C.I.P. Concrete ‘Sofa’
- Trash & Recycling Bins
- Pedestrian Light

Pocket Park 14: Dining Room

- Total SF: 2400 SF

Facing North from Hillpoint, this park plays on the idea of what a living room is. A single seatwall faces towards the street, engaging the sidewalk. Paper Bark Birches float through the space providing an overhead canopy.
Pocket Park 15: Garden Terrace

Adrienne Wong Associates
A flowering hedge defines the edge of this park. An open area at the entrance of the park provides opportunity for free play and gatherings. A picnic table tucked into a corner of the park becomes both an intimate and public space. More intimate seating is located at the furthest end of the park, allowing for quite viewing of the bay. Deciduous maple trees will provide seasonal interest to this ‘room’ and allow for the penetration of light during cold winter months.
Pocket Park 16: Corridor / Community Connector
POCKET PARK TYPE: CONNECTOR

Total SF: 6047

A large gathering area located at the top of the park gives ample space for a variety of neighborhood activities. A large picnic table along with a long linear seatwall provides the perfect setting for various events. More intimate seating is provided at the lower end of the park. Sloped lawn areas allow for passive recreation and also serves as relaxation zones.
