MISSION BAY CITIZENS ADVISORY COMMITTEE
Thursday, November 12, 2020 - 5:00 PM
Mission Creek Senior Community
225 Berry Street – Creek Room

AGENDA
Please see attached map for location of projects

1. Introductions – 5 minutes

2. Information Item: Introduction to SFMTA’s Temporary Transit Lanes Program - 20 minutes
   Description of Item: The SFMTA proposes to install temporary emergency transit lanes on the 4th Street bridge, between Berry and Channel Streets, in order to increase the reliability of T-Third rail service between SOMA and Visitacion Valley. SFMTA staff will present this plan to the SFMTA Board and, if approved, the lanes will be installed in January 2021. The lanes would be removed within 120 days after the end of the declared emergency, unless there is an additional public process to make them permanent.

3. Action Item: Kain Na Secondary Use Authorization for MBS 6E Retail Space - 20 minutes
   Description of Item: Tenderloin Neighborhood Development Corporation (TNDC) will present their design and programming concept for a community food hub at one of its ground floor retail spaces at MBS Block 6E, bounded by China Basin to the north, Mission Bay Boulevard North to the south and 4th Street to the east. The community food hub use is designated as a small social service/philanthropic facility, a secondary use, in the Mission Bay South Redevelopment Plan. The CAC will vote to recommend OCII staff move forward with the secondary use authorization.

4. Action Item: UCSF Block 34 Design and Schedule Update - 20 minutes
   Description of Item: UCSF staff will present the current design of MBS Block 34, a clinical building and parking garage adjacent to the already constructed UCSF Valley Center for Vision Neuroscience building on Block 33. Blocks 33 and 34 are bounded by 16th Street to the north, 3rd Street to the west, Illinois Street to the east and Mariposa Street to the south. The CAC will vote to recommend the Block 34 design move forward to OCII Commission.
