He inquired about who had approved this action and spoke about collusion.

   **ADOPTION**: IT WAS VOTED BY FIVE BOARD MEMBERS WITH ONE ABSENCE THAT RESOLUTION 5-2018, APPROVING AN AMENDMENT TO THE RECOGNIZED OBLIGATION PAYMENT SCHEDULE FOR JANUARY 1, 2019 TO JUNE 30, 2019 (ROPS 2018-19), INCLUDING THE ADMINISTRATIVE BUDGET FOR THE SUCCESSOR AGENCY AND SUPPORTING DOCUMENTATION, BE ADOPTED.

   B. Approving an Excess Bond Proceeds Obligation under Section 34191.4 (c)(1)(A) of the California Health and Safety Code in a Grant Agreement with the Port of San Francisco for an amount not to exceed $9.0 million to fund partially the Mission Bay Ferry Landing Project (Discussion and Action) (Resolution 6-2018)
Presenters: Nadia Sesay, Executive Director; Mina Yu, Financial Reporting & Management Analyst; Jonathan Roman, Project Manager, Port of San Francisco for the MB Ferry Landing Project; Ananda Hirsch, Capital Manager, Port of San Francisco

Vice-Chair Motoyama referred to environmental review and the amount of approval being required by other agencies and inquired about whether there was a timeline on those approvals.

Mr. Roman responded that in terms of the California Environmental Quality Act (CEQA) authorization, they had received their mitigated NEGDAC Notice of Termination the previous week which was deemed a Finding of No Significant Impact (FONSI) with mitigations and they were planning to incorporate those mitigations into the bid package and design. To a previous question by Board member Dufty, Mr. Roman responded that they were working on LBE opportunities and were trying to leverage them. He reported that they would be holding an open house later that week and would be speaking to contractors working on the project. He added that a portion of this project would not include LBE because there were no LBE contractors for dredging and shipbuilding for the float.

Vice-Chair Motoyama clarified that her question was more about approvals from other agencies and whether those approvals were already in process.

Mr. Roman responded that they anticipated getting all the permits in hand by May 27, 2019, if not sooner.

Board member Goldin referred to fund expenditures and whether all other funding sources had to be spent first before this $9 million was used and whether this was part of the $42.7 million or part of the contingency fund.

Ms. Hirsch responded that this was part of the $42.7 million construction budget of the project, which was $35.7 million of the $42.7 million. She explained that these funds would be used first given their timeline for expenditure which would be shorter than they anticipated for any of the other project funding sources.

Board member Goldin clarified that if these funds were expended first, then it would be highly unlikely that there would be any funds left over.

Ms. Hirsch confirmed that this was what they anticipated.

**PUBLIC COMMENT**

He requested money for the Western Addition.
