BECOME AN INTERN – APPLY TODAY!

The Office of Community Investment and Infrastructure (OCII) is currently accepting applications for our summer 2019 professional design trainee program. OCII administers the program in collaboration with Japanese Community Youth Center (JCYC), and the San Francisco Office of Economic and Workforce Development. As we ramp up for summer, we are so excited to connect students with exciting career opportunities! Interns will be placed at top local engineering or architecture firms and will gain valuable real work experience on major San Francisco developments. Past employers include Leddy Maytum Stacy Architects, Quezada Architecture, Gensler, Herman Coliver Locust and Structus. All interns will be paid minimum of $17/hr. and work a minimum of 20 hours/week for approximately eight weeks this summer.

REQUIREMENTS

- Be a current or former San Francisco resident (i.e. attended public high school in SF).
- Must be attending college studying architecture, engineering, and/or design with some knowledge of at least one of the following: AUTOCAD, SketchUp, or Revit
- Legally able to work in the United States

APPLY AT:
