RESOLUTION NO. 91-2005

COMMENDING AND EXPRESSING APPRECIATION TO JOSE CAMPOS FOR NINE YEARS OF DEDICATED PUBLIC SERVICE WITH THE REDEVELOPMENT AGENCY OF THE CITY AND COUNTY OF SAN FRANCISCO

BASIS FOR RESOLUTION

1. Mr. Jose Campos began his tenure with the Redevelopment Agency of the City and County of San Francisco ("Agency") as an Associate Planner in 1996, shortly after his success in guiding the City of San Diego in a community-based multicultural, multilingual planning effort to develop and adopt a redevelopment plan for its San Ysidro district.

2. During the 1996 - 1997 academic year, Mr. Campos served the Agency through the National Urban Fellows Program under its Minority Leadership Fellowship in Public Administration sponsored by Baruch College, City University of New York.

3. At the Agency, he was assigned to the Bayview Hunters Point Redevelopment Survey Area, where he conducted numerous community workshops that laid the foundation of the Bayview Hunters Point Community Revitalization Concept Plan adopted by the Bayview Hunters Point Project Area Committee in 2000.

4. In December 1997, Mr. Campos was promoted to Manager/Supervisor of the Planning Division, where he served until his recent departure. Among his accomplishments are:

   a. Mr. Campos helped write and direct the production of the multidinous documents (such as blight surveys, environmental review documents, fiscal feasibility analyses, development guidelines, redevelopment plans and implementation plans) required for the Agency's plan adoption and plan amendment processes for Bayview Industrial Triangle, Hunters Point (Bayview Hunters Point expansion), India Basin Industrial Park, Mid-Market, South of Market, Transbay, Western Addition A-2 and Yerba Buena Center (Bloomingdale's expansion) Redevelopment Project and Survey Areas.

   b. Mr. Campos also helped design, plan and lead the community processes for the Agency's planning efforts. Two examples of the community-driven process for redevelopment planning are the Mid-Market planning caucuses, which brought together a full-range of community stakeholders to help shape the draft Mid-Market Redevelopment Plan goals and programs through 17 workshops, and the many community workshops sponsored jointly by the Bayview Hunters Point Project Area Committee and the Agency to create the Bayview Hunters Point Revitalization
Concept Plan that is the foundation of the draft Bayview Hunters Point
Redevelopment Plan Amendment.

c. Mr. Campos's work will also help shape the development of the Agency's
project areas. For example, working closely with a consultant team led by
Skidmore, Owings & Merrill, Mr. Campos contributed his extensive
expertise in community outreach and urban design to the Design for
Development for the Transbay Redevelopment Survey Area, which was
developed through a community process with the assistance of the
Transbay Citizens Advisory Committee and approved by the Agency
Commission in January 2005. The final document is a tribute to his
emphasis on public participation and good urban planning, and received
the American Institute of Architecture's San Francisco Urban Design
Award in 2004. Building on that document, Mr. Campos lead Agency
staff in the creation of the Transbay Development Controls and Design
Guidelines, which provide the regulatory framework for development in
keeping with the concepts in the Design for Development.

d. As Planning Supervisor, Mr. Campos was responsible for all aspects of the
Agency's planning work, and he participated in the Agency's plan
implementation, providing environmental advice, reviewing transportation
issues, and weighing in on land use planning and urban design in the
Agency's existing project areas, including Mission Bay, Western Addition
A-2 and Yerba Buena Center.

e. One hallmark of Mr. Campos's tenure at the Agency was his emphasis on
developing and maintaining improved working relationships with other
departments and offices involved in multidisciplinary community-based
planning, such as the Planning Department, San Francisco County
Transportation Agency, Department of Environment, Urban Forest
Council, Municipal Transportation Authority, Department of Public
Works, Muni, BART, Department of Public Health and the Mayor's
Office.

RESOLUTION

ACCORDINGLY, IT IS RESOLVED that the Redevelopment Agency of the City and
County of San Francisco, on behalf of its past and present Commissioners, Executive
Directors and employees, in recognition of the outstanding accomplishment of Jose
Campos to the benefit of the stakeholders in all of the Agency’s Redevelopment Project
and Survey Areas, does by this Resolution, express the Agency’s appreciation for his role
and contributions and a sincere wish for success in his future endeavors.

APPROVED AS TO FORM:

James B. Morales
Agency General Counsel
