Bike Station Permit
PERMIT TO ENTER

THE SUCCESSOR AGENCY TO THE REDEVELOPMENT AGENCY OF THE CITY AND COUNTY OF SAN FRANCISCO, a public body, corporate and politic ("Successor Agency") grants to the CITY AND COUNTY OF SAN FRANCISCO, a municipal corporation, acting by and through its Municipal Transportation Agency ("SFMTA" or "Permittee") and ALTA BICYCLE SHARE, Inc. an Oregon corporation ("Alta" or "Permitee") (together, "Permittees") a non-exclusive permit to enter upon certain Successor Agency-owned or leased real property (defined below as the "Permit Area"), located at Yerba Buena Gardens ("YBG") on the northeast corner of Third and Howard Streets, upon the terms, covenants and conditions hereinafter set forth in this Permit to Enter ("Permit").

RECATALS

This Permit is made with reference to the following facts and circumstances:

A. In August 2013, the Bay Area Air Quality Management District (the "Air District") launched a regional bicycle share system along the San Francisco peninsula in the cities of San Francisco, Mountain View, Palo Alto, Redwood City and San Jose. The Air District is the project lead and has partnered with SFMTA, the San Mateo County Transit District, the City of Redwood City, the County of San Mateo, and the Santa Clara Valley Transportation Authority to administer and implement this regional bike share pilot project. The bike share program is a membership-based system of short-term bicycle rentals. Members can check a bicycle out from a network of automated bicycle stations, ride to their destination, and return the bicycle to a different station. The pilot program launched regionally with 700 bicycles at 70 stations with half of the equipment in San Francisco.

B. In February 2013, the Air District, as the overall project lead agency, signed a Bike Share Program Agreement with Alta (the "Alta Contract") to procure the bike share equipment and stations, and implement the program by deploying, operating, and maintaining the system components. SFMTA, as a member of the regional partnership working with the Air District, is implementing the bike sharing project as the lead agency in San Francisco.

C. The bike share stations are solar powered with battery backup and do not require any excavation. The stations are placed on a hard level surface and are not secured; they remain stationary from the weight of the station. The stations are modular, meaning they can have anywhere from 11 to 60 docks for storing bicycles in addition to a map board and kiosk for purchasing short-term memberships. See "Attachment A" for station components and specifications. The bike share station located in the Permit Area consists of a 19-dock bike share station built from four technical platforms and a map panel. The station is about 50'-6" in length and 5'-11" in depth with docked bikes (2'-9" in depth without any docked bikes). Station modules were transported to the site using a truck with a lift gate or a small boom and were assembled on-site.

D. In 2013, SFMTA and Alta identified YBG as one of the initial 35 bike share locations in San Francisco for this pilot program (see "Attachment B"). The diversity of land uses, visitors and residents in the area makes YBG an excellent station location. This location
also provides connections to existing bikeways and maintains adequate distances from other stations.

E. Accordingly, on August 22, 2013, the Successor Agency, Alta, and SFMTA entered into a one-year Permit to Enter for a bike sharing station at YBG pursuant to the Successor Agency’s Permit to Enter Policy adopted on April 1, 2008 by Resolution No. 13-2008 “Permit to Enter Policy”). The one-year permit to enter expires on July 31, 2014. The YBG bike station has been successfully operating over the past year and SFMTA and ALTA would like to continue operations at YBG for an additional two-year period.

F. In November 2013, the Successor Agency submitted its Long-Range Property Management Plan (“PMP”) for the disposition of YBG to the State of California’s Department of Finance (“DOF”) for approval. The PMP is still under review by the DOF. Once the DOF approves the YBG PMP, the Successor Agency will effectuate a transfer of its YBG real estate assets, including the Permit Area, to the City and County of San Francisco (the “City”). If the transfer occurs during the term of this Permit, (a) the Successor Agency’s Executive Director may terminate this Permit pursuant to Section 11 below, or (b) the Successor Agency may assign its interest in this Permit to the City upon the transfer of YBG.

G. The Permit to Enter Policy requires Commission approval for a permit (or series of permits) which would cause the aggregate permit duration to exceed twelve months. In this case, the aggregate permit duration is three years. Therefore, the Successor Agency’s Commission approved this Permit by Resolution No. ___-2014, adopted at its meeting of July ___, 2014.

H. Pursuant to the Alta Contract, Alta shall install, maintain, operate, and eventually remove the bike share station in the Permit Area. The bike sharing station will be in operation 24 hours a day, 365 days per year. Alta shall re-distribute bicycles among sites and place the bicycles in operable docks throughout the day to ensure no station – including YBG’s – is over or under occupied. Alta operations staff shall perform site and bicycle maintenance (repair of damaged and/or malfunctioning bicycles or docking stations and removal of offensive graffiti or soiling on any equipment) once every two weeks and on an as-needed basis.

I. The Successor Agency contracts with MJM Management Group (“MJM” or “Gardens Manager”) for on-site property management services at YBG. Therefore, MJM will act as the Successor Agency’s representative for all matters related to accessing the Permit Area for the installation, maintenance, operations, and removal of the bike sharing station at YBG. Alta and SFMTA should contact the Gardens Manager by phone at (415) 820-3550 or email at MMcCue@mjmmg.com for access or for any other matters related to the bike sharing station.

ACCORDINGLY, for good and valuable consideration, the amount and sufficiency of which is hereby acknowledged, the Agency and Permittees hereby agree as follows:

1. **Permit Area**: The Permit Area is more particularly shown on “Attachment C” hereto and made a part hereof. The Permit is non-exclusive and is subject to the rights of ingress and egress by the Successor Agency, the Gardens Manager, and others, who are authorized to access portions of the Permit Area.
2. **Interim Use:** The Permittees shall use the Permit Area to install, maintain, operate, and remove a bike share station and equipment as described in Recitals C and D above. This is described elsewhere herein as the “**Interim Use**.” No uses other than those specifically stated herein are authorized hereby.

3. **Time of Entry:** Entry may commence, once the Permit is fully executed, on August 1, 2014, at 8:00 a.m. Entry shall terminate on July 31, 2016, at 5:00 p.m., unless earlier terminated by the Successor Agency’s Executive Director under Section 11 hereof or earlier terminated by Permittees by cessation of activities/operations, or unless such time is extended by the Executive Director. The Successor Agency may effectuate a transfer of its YBG properties to the City pursuant to the DOF-approved PMP for YBG, including the property covered by the Permit Area, during the term of this Permit. In the event of a transfer, (a) the Successor Agency’s Executive Director may terminate this Permit pursuant to Section 11 below, or (b) the Successor Agency may assign its interest in this Permit to the City upon the transfer of YBG.

4. **Compensation to Successor Agency:** Permittees shall pay compensation to the Successor Agency:

5. **Indemnification:**

   a. **General Indemnification:** Alta shall defend, hold harmless and indemnify the Successor Agency, the City and County of San Francisco (the “City”) and/or their respective commissioners, members, officers, agents and employees of and from any and all claims, demands, losses, costs, expenses, obligations, damages, injuries, actions, causes of action and liabilities of every kind, nature and description directly or indirectly, arising out of or connected with this Permit and any of the Permittees’ operations or activities related thereto, and excluding the willful misconduct or gross negligence of the person or entity seeking to be defended, indemnified or held harmless, and excluding any and all claims, demands, losses, costs, expenses, obligations, damages, injuries, action, causes of action or liabilities of any kind arising out of any Release (as defined in Section 6f below) or threatened release of any Hazardous Substance (as defined in Section 6d below), pollutant, or contaminant, or any condition of pollution, contamination, or nuisance which shall be governed exclusively by the provisions of Section 6c below. This section does not apply to contracts for construction design services provided by a design professional, as defined in California Civil Code Section 2782.8
b. **Indemnification By Design Professionals:** This section applies to any design professional as defined in California Civil Code Section 2782.8 who is or will provide professional services as part of, collateral to, or affecting this Permit with the Permittees (“Design Professional”). It is expressly agreed and understood that the duty of indemnification pursuant to this section is to be interpreted broadly to the greatest extent permitted by law, including but not limited to California Civil Code Section 2782.8.

c. **No Mechanics’ Liens:** Permittees shall not permit any mechanics’ or other liens to be levied against the Permit Area for any labor or material furnished to Permittees or claimed to have been furnished to Permittees or to Permittees’ agents or contractors in connection with the Interim Use and Permittees shall hold the Successor Agency free and harmless from any and all cost or expense connected with or arising from the Interim Use.

d. **Indemnification by Alta Bicycle Share:** Although the SFMTA is listed as a Permittee, Alta will be solely responsible for indemnification and limitation of liability under this Permit, pursuant to the contract between Air District and Alta, in which Alta is required to indemnify the City and partner agencies for system use and operations.

Permittees acknowledge that the Successor Agency is relying on the Permittees to identify and evaluate the potential risks involved and to take all appropriate precautions to avoid such risks to its employees, invitees, subpermittees and subcontractors. Permittees agree that it is assuming full responsibility for ascertaining the existence of such risks, evaluating their significance, implementing appropriate safety precautions for its employees, invitees, subpermittees and subcontractors and making the decision on how (and whether) to enter upon the Permit Area and carry out the Interim Use, with due regard to such risks and appropriate safety precautions.

   b. **Proper Disposal of Hazardous Materials:** Permittees assume sole responsibility for managing, removing and properly disposing of any waste produced during or in connection with Permittees’ entry and/or Interim Use of the Permit Area including, without limitation, preparing and executing any manifest or other documentation required for or associated with the removal, transportation and disposal of hazardous substances to the extent required in connection with the Permittees’ activities hereunder.
