This Grant Agreement ("Grant Agreement") is entered into April 1, 2014, between the Successor Agency to the Redevelopment Agency, also known as the Office of Community Investment and Infrastructure, a public body ("Successor Agency"), and the City and County of San Francisco (the “City”), a municipal corporation, acting by and through its Municipal Transportation Agency ("SFMTA"), to provide supplemental funding for the renovation of the public plaza adjacent to the Bayview Opera House. The Successor Agency and the City are the parties to this Grant Agreement (either a “Party,” or collectively, the “Parties”). Capitalized terms used herein shall have the meanings as set forth in this Grant Agreement.

RECITALS

A. On March 15, 2011, the City executed a Grant Agreement with the former Redevelopment Agency of the City and County of San Francisco (“SFRA”) to provide $785,000 in supplemental funding for the renovation of the public plaza adjacent to the Bayview Opera House (the “2011 Grant Agreement”).

B. Under Assembly Bill No. X1 26 (Chapter 5, Statutes of 2011-12, First Extraordinary Session) ("AB 26") and the California Supreme Court’s decision in California Redevelopment Association v. Matosantos, No. S194861, the SFRA, together with all other redevelopment agencies in the State of California, dissolved by operation of law on February 1, 2012.

C. In June 2012, the California Legislature adopted legislation amending AB 26, known as Assembly Bill No. 1484 (Chapter 26, Statutes of 2011-12, Regular Session) ("AB 1484"), and the Governor signed that bill on June 27, 2012. Hereinafter, AB 26, as amended by AB 1484, is referred to as the "Redevelopment Dissolution Law" or the "Law."

D. The Redevelopment Dissolution Law places successor agencies' performance of their duties under the Law under the supervision of newly established oversight boards, which are different from the local legislative bodies and which will oversee the fiscal management of future successor agency activities regarding the enforceable obligations. In performing their functions required under the Redevelopment Dissolution Law, the oversight boards owe fiduciary responsibilities to the holders of enforceable obligations and the taxing entities entitled to the distribution of property tax revenues under the Law. Some actions by the oversight boards and successor agencies are also subject to discretionary review by the State Department of Finance and the State Controller under the Redevelopment Dissolution Law.

E. The Mayor (with confirmation by the Board of Supervisors) and the taxing entities have appointed members to the oversight board of the City and County of San Francisco (the “Oversight Board”).

F. The Redevelopment Dissolution Law requires successor agencies to make payments due for enforceable obligations and to perform obligations required pursuant to an enforceable obligation. Cal. Health & Safety Code § 34177 (a) and (c). In addition, the Law authorizes successor agencies to create new enforceable obligations if they are “in compliance with an enforceable obligation that existed prior to June 28, 2011.” Cal Health & Safety Code § 34177.3 (a). The Law, however, authorizes payments under an enforceable obligation only if the expenditure appears on a Recognized Obligation Payment Schedules (“ROPS”) that the
Oversight Board and the Department of Finance have approved for each six-month period (January-June, July-December), beginning January 1, 2012. Each ROPS must state the minimum payment amounts and due dates for payments required by enforceable obligations for each six-month fiscal period. Only those payments listed on the ROPS may be made by the successor agency from funds specified in the ROPS; and,

G. The Successor Agency requested authorization to expend the $785,000 in bond proceeds for the 2011 Grant Agreement through ROPS 13-14A, for the period of July through December 2013. On April 11, 2013 DOF determined that the 2011 Grant Agreement was not an enforceable obligation under Section 34171(d)(2) of the Redevelopment Dissolution Law because it was an agreement between the City and the Redevelopment Agency.

H. Redevelopment Dissolution Law authorizes successor agencies to enter into certain new contracts if the Department of Finance has issued a Finding of Completion. A successor agency may expend bond proceeds in excess of the amounts needed to satisfy approved enforceable obligations if it separately lists the “excess bond proceeds obligations” on the ROPS and uses the excess proceeds in a manner consistent with the original bond covenants. Cal. Health & Safety Code § 34191.4(c)(2)(A). The Successor Agency received a Finding of Completion on May 29, 2013.

I. The Bayview Hunters Point 2009 Series B and F Tax Exempt Bond Issuances require that the bond proceeds be used to finance certain redevelopment activities in the Bayview Hunters Point Redevelopment Project Area. The Successor Agency has determined that there are excess proceeds from these issuances (“BVHP Excess Proceeds”) and requested approval from the Oversight Board through ROPS 13-14B to expend $785,000 in BVHP Excess Proceeds to the City through the SFMTA to renovate the Bayview Opera House plaza (Item #368).

J. On September 23, 2013, the Oversight Board authorized the Successor Agency to enter into an agreement with the SFMTA to provide $785,000 in BVHP Excess Bond Proceeds for the renovation of the Bayview Opera House plaza, an expenditure that is consistent with the bond covenants, which require the funds to be used for redevelopment activities in the BVHP Redevelopment Project Area.

K. The SFMTA set aside the construction contract for the Project, both for prime and subcontractors, for Small Business Enterprise (SBE) firms, including local firms, in accordance with its SBE Program and with federal regulations.

L. On January 7, 2014, the SFMTA Board of Directors approved Resolution No. 14-003, which authorized the Director of Transportation to execute SFMTA Contract No. 1269, Bayview Opera House Plaza Improvements Project, with Con-Quest Contractors, Inc., an SBE firm that is a local business. The contractor has provided all required evidence of insurance and bonding, and the contract has been executed by the City and the contractor.

M. Consistent with the approval granted by the Oversight Board, the Parties have agreed to the terms and conditions of this Grant Agreement to provide $785,000 in BVHP Excess Bond Proceeds for the renovation of the Bayview Opera House plaza.

NOW, THEREFORE, in consideration of the above recitals and the mutual promises and covenants set forth in this Grant Agreement, the Parties agree as follows:

1 GRANT PROVISIONS

1.1 Grant Amount. In consideration of the City’s agreement to complete the Project, including all necessary and relevant predevelopment and construction activities directly related to the Project referenced in this Grant Agreement, the Successor Agency agrees to grant to the City Seven Hundred Eighty-Five Thousand Dollars ($785,000) (the “Grant” or “Grant Amount”) for the completion of the Project,
subject to the terms and conditions set forth in this Grant Agreement. Disbursed Grant funds shall be secured with work product and materials purchased and/or produced with Grant funds. All funds disbursed under the Grant may be declared by the Successor Agency immediately repayable upon the City’s uncured default under this Grant Agreement. Provided the City is in compliance with this Grant Agreement and is not in default under this Grant Agreement, no repayment will be required for the total funds disbursed under the Grant Agreement upon satisfactory completion of the Project.

1.2 Use of Grant Funds. The City shall use disbursed Grant funds to pay for the necessary and relevant hard costs related to the Project’s scope of work described in Exhibit A (Scope of Work) as of the date of the commencement of each construction contract (as evidenced by the Notice to Proceed issued by the SFMTA or the Department of Public Works (DPW)). The Parties agree that the SFMTA will use $210,354 for work under the SFMTA Scope of Work as defined in Exhibit A, and that SFMTA will work order $574,646 to DPW to perform the DPW’s Scope of Work as defined in Exhibit A.

1.3 Term. The term (“Term”) of this Grant Agreement shall commence on the date first written above (the “Commencement Date”) and shall end on the earlier of: (a) 24 months from the Commencement Date, except if extended in writing by the Successor Agency, or (b) the date the City receives a written notice from the Successor Agency acknowledging the completion of the Project.

1.4 No Mechanics’ Lien. The City agrees that at all times when the same may be necessary or desirable, it will take or cause its contractors and subcontractors to take such action as may be required by the Successor Agency and/or under any law in existence or hereafter enacted which will prevent the enforcement of any mechanics’ or similar liens against any interest of the Successor Agency for or on account of labor, services or materials furnished to the City or furnished at the City’s request, except to the extent such liens may be caused by the Successor Agency’s breach of this Grant Agreement. The Successor Agency from time to time may post a notice of non-responsibility for the Project while it is under construction.

1.5 Cost Overruns. The City shall be responsible for any Cost Overruns related to the Project. Construction costs for the Project over the Project Cost shall constitute Cost Overruns hereunder, and the City shall be responsible for paying any and all such Cost Overruns.

1.6 Disbursement. The Successor Agency shall disburse the Grant Amount in full to SFMTA upon execution of this Grant Agreement.

1.7 Report of Expenditures. SFMTA will provide to the Successor Agency records demonstrating the expenditures of Grant Amount for the SFMTA Scope of Work and DPW Scope of Work within 30 days after the completion of each Scope of Work.

1.8 Excess Grant Amount. Any amounts remaining in the Grant Amount that have not been expended pursuant to this Agreement by the completion of the SFMTA Scope of Work and the DPW Scope of Work shall be returned to the Successor Agency within 30 days after the completion of each Scope of Work.

2 CONSTRUCTION AND COMPLETION OF THE PROJECT

2.1 Construction Standards. The City shall complete the Project in accordance with requirements specified in this Grant Agreement and the requirements applicable to the Federal Funds. The construction of the Project shall (a) be performed in a
first-class manner, (b) meet all federal, state and local code requirements and licensing requirements, and (c) be done substantially in accordance with the final construction documents reviewed and approved by the Successor Agency for the Project.

The City is responsible for determining those disability access laws applicable to the Project.

2.3 **Completion of Construction.** The City shall substantially complete construction of the Project within one year from the commencement of construction by DPW.

2.4 **Extension of Time by the Successor Agency.** At the discretion of the Successor Agency's Executive Director, Agency staff may extend the date for City’s performance of any item set forth in this Agreement from time to time, without the necessity for further Successor Agency Commission action, up to a total of 180 days; provided, however, that any such extension shall not release the City from any of its obligations or constitute a waiver of Agency’s rights with respect to any other term, covenant or condition of this Grant Agreement.

3 **CITY REPRESENTATIONS AND WARRANTIES**

3.1 **No Contravening Agreements.** The City warrants that the execution, delivery, and performance of this Grant Agreement will not contravene, or constitute a default under or result in a lien upon assets of the City pursuant to any applicable law or regulation, any charter document of the City, or any instrument binding upon or affecting the City, or any contract, agreement, judgment, order, decree, or other instrument binding upon or affecting the City.

3.2 **No Adverse Action.** The City warrants that there is no action, suit or proceeding pending or threatened against it which might adversely affect the City in any material respect to complete the Project.

Such occurrences include, but are not limited to, the threat or initiation of lawsuits or administrative proceedings against the City that results in a final judgment, order or decree that has a materially adverse effect on the City and its ability to perform its obligations under the Grant Agreement, or problems with vendors or suppliers that have a materially adverse effect on the City’s construction of the Project.

4.7 **Public Disclosure.** The City understands and agrees that under the State Public Records Law (California Government Code Section 6250 et seq.), this Grant Agreement and any and all records, information, and materials submitted to the Successor Agency hereunder are public records subject to public disclosure. Except for approved eligible administrative or personnel costs, no employee, agent, consultant, officer or official of the Successor Agency or the City who exercises or has exercised any function or responsibilities with respect to activities assisted by the Grant in whole or in part, or who is in a position to participate in a decision-making process or gain inside information with regard to such activities assisted under this Grant Agreement, may obtain a personal or financial interest in or benefit from the activities assisted under this Grant Agreement, or have an interest, direct or indirect, in any contract, subcontract or agreement with respect thereto, or in the proceeds thereunder either for himself/herself or for those with whom he/she has family or business ties, during his/her tenure and for one year thereafter.
